The Manual of Dates George Henry Townsend,1877 *Moody's Industrial Manual* ,1957 **Practicing Gnosis** April DeConick,Gregory Shaw,John D. Turner,2013-08-22 Ritual magic liturgy and theurgy were central features of Gnosticism and yet Gnostic practices remain understudied This anthology is meant to fill in this gap and address more fully what the ancient Gnostics were doing While previously we have studied the Gnostics as intellectuals in pursuit of metaphysical knowledge the essays in this book attempt to understand the Gnostics as ecstasies striving after religious experience as prophets seeking revelation as mystics questing after the ultimate God as healers attempting to care for the sick and diseased These essays demonstrate that the Gnostics were not necessarily trendy intellectuals seeking epistemological certainties They were after religious experiences that relied on practices The book is organized comparatively in a history of religions approach with sections devoted to Initiatory Recurrent Therapeutic Ecstatic and Philosophic Practices This book celebrates the brilliant career of Birger A Pearson *Education Manual.
