Egypt Joseph E. Sanzo, 2014-02-24 The use of biblical and parabiblical texts on amulets and other apotropaic objects was ubiquitous in late antique Egypt Among the passages most frequently cited were the opening lines incipits of the Gospels the Psalms and other scriptural texts Scholars have repeatedly observed the apotropaic use of such incipits but have yet to subject them to thorough and focused analysis In the present volume Joseph E Sanzo addresses this scholarly need by offering the first sustained study of the scriptural incipits on Greek and Coptic amulets and other apotropaic objects from late antique Egypt In addition to providing a catalog and edition of these texts the author draws on insights from cognitive linguistics ritual studies and the history of the book to establish a typology of the incipits and to determine their ritual functions

Book of the Dead: An English translation with introduction, notes, etc Sir Ernest Alfred Wallis Budge, 1898

Making Amulets Christian Theodore De Bruyn, 2017 Making Amulets Christian Artefacts Scribes and Contexts examines Greek amulets with Christian elements from late antique Egypt in order to discern the processes whereby a customary practice the writing of incantations on amulets changed in an increasingly Christian context It considers how the formulation of incantations and amulets changed as the Christian church became the prevailing religious institution in Egypt in the last centuries of the Roman empire Theodore de Bruyn investigates what we can learn from incantations and amulets containing Christian elements about the cultural and social location of the people who wrote them He shows how incantations and amulets were indebted to rituals or ritualizing behavior of Christians This study analyzes different types of amulets and the ways in which they incorporate Christian elements By comparing the formulation and writing of individual amulets that are similar to one another one can observe differences in the culture of the scribes of these materials It argues for conditioned individuality in the production of amulets On the one hand amulets manifest qualities that reflect the training and culture of the individual writer On the other hand amulets reveal that individual writers were shaped whether consciously or inadvertently by the resources they drew upon by what is called tradition in the field of religious studies

Binding Words Don C. Skemer, 2010-11-01 In the Middle Ages textual amulets short texts written on parchment or paper and worn on the body were thought to protect the bearer against enemies to heal afflictions caused by demonic invasions and to bring the wearer good fortune In Binding Words Don C Skemer provides the first book length study of this once common means of harnessing the magical power of words Textual amulets were a unique source of empowerment promising the believer safe passage through a precarious world by means of an ever changing mix of scriptural quotations divine names common prayers and liturgical formulas Although theologians and canon lawyers frequently derided textual amulets as ignorant superstition many literate clergy played a central role in producing and disseminating them The texts were in turn embraced by a broad cross section of Western Europe Saints and parish priests physicians and village healers landowners and peasants alike believed in their efficacy Skemer offers careful analysis of several dozen surviving textual amulets along with other contemporary medieval source materials In the process Binding Words enriches our understanding
