**An Island in the Moon (1784). By: William Blake** William Blake, 2018-05-08 William Blake 28 November 1757 12 August 1827 was an English poet painter and printmaker Largely unrecognised during his lifetime Blake is now considered a seminal figure in the history of the poetry and visual arts of the Romantic Age What he called his prophetic works were said by 20th century critic Northrop Frye to form what is in proportion to its merits the least read body of poetry in the English language His visual artistry led 21st century critic Jonathan Jones to proclaim him far and away the greatest artist Britain has ever produced In 2002 Blake was placed at number 38 in the BBC's poll of the 100 Greatest Britons Although he lived in London his entire life except for three years spent in Felpham he produced a diverse and symbolically rich oeuvre which embraced the imagination as the body of God or human existence itself Although Blake was considered mad by contemporaries for his idiosyncratic views he is held in high regard by later critics for his expressiveness and creativity and for the philosophical and mystical undercurrents within his work His paintings and poetry have been characterised as part of the Romantic movement and as Pre Romantic Reverent of the Bible but hostile to the Church of England indeed to almost all forms of organised religion Blake was influenced by the ideals and ambitions of the French and American Revolutions Though later he rejected many of these political beliefs he maintained an amiable relationship with the political activist Thomas Paine he was also influenced by thinkers such as Emanuel Swedenborg Despite these known influences the singularity of Blake's work makes him difficult to classify The 19th century scholar William Rossetti characterised him as a glorious luminary and a man not forestalled by predecessors nor to be classed with contemporaries nor to be replaced by known or readily surmisable successors      Littell's Living Age, 1882      **The India Directory, Or, Directions for Sailing to and from the East Indies, China, Australia, and the Interjacent Ports of Africa and South America** James Horsburgh, 1841
