Organized A-Z, it features over 250 entries on key personalities, issues, events, political and governmental developments, foreign and domestic concerns, laws, terms and catchphrases, and social and cultural trends of the era. Entries are 100-1,000 words in length and conclude with a list of suggested readings. The work also features a chronology of events, statistical charts and tables, and photographs, and is thoroughly cross-referenced in boldface for ease of use. The organizing principle of the work is a focus on individuals and events that directly relate to Presidents Reagan and Bush and their administrations. In addition, there are entries on social trends, world events, and popular culture. The book presents a balanced account of the Reagan-Bush years. Biographies of key figures in their administrations, Supreme Court appointments, related players on the national and world stage, summaries of significant pieces of legislation, and balanced analyses of their domestic and foreign policies are featured. Entries also include many terms and catchphrases such as Reaganomics, No New Taxes, and A Thousand Points of Light.
