Khoury,2015-03-27 Are there existing alternatives to corporate globalization What are the prospects for and commonalities between communities and movements such as Occupy the World Social Forum and alternative economies Globalization Development and Social Justice advances the proposition that another globalization is not only possible but already exists It demonstrates that there are multiple pathways towards development with social justice and argues that enabling propositional agency rather than oppositional agency such as resistance is a more effective alternative to neoliberal globalization El Khoury develops a theory of infraglobalization that emphasizes creative constitution not just contestation of global and local processes The book features case studies and examples of diverse economic practice and innovative

emergent political forms from the Global South and North These case studies are located in the informal social economy and community development as well as everyday practices from prefigurative politics to community cooperatives and participatory planning This book makes an important contribution to debates about the prospects for and practices of a transformative grassroots globalization and to critical debates about globalization and development strategies It will be of interest to students and scholars of international relations globalization social movement studies political and economic geography sociology anthropology and development studies    **The Publisher** ,1917    *British Books* ,1915    **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles    **House Furnishing Review** ,1941    Journal of Developmental Education ,2015    **Who's who Among Students in American Universities and Colleges** Henry Pettus Randall,1976    Canadian Journal of Physics ,2015    **The Saturday Review of Politics, Literature, Science and Art** ,1864    *Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1917    **Metals Abstracts** ,1995    **National Union Catalog** ,1983    *Subject Guide to Books in Print* ,1991
