*Resources in education* ,1987-05     AI, Personalization, Equity, and the Future of Learning Wang, Viktor,2025-07-10  
The integration of AI into education has redefined how learning is delivered and measured There is great potential for AI to drive a more personalized learning experience while also tailoring instructions to a person's individual needs While there are promises to enhance engagement and achievement it also raises critical questions about equity and access As we envision the future of learning it is essential to explore how AI can be harnessed not only to support personalization but also to bridge educational gaps ensuring that innovation benefits all learners regardless of background or circumstance **AI Personalization Equity and the Future of Learning** explores the transformation of AI in education and its impacts on personalized and equitable learning This book provides a critical lens on equity and access encouraging the development of inclusive AI driven solutions that benefit diverse learners worldwide Covering topics such as academic research speech recognition tools and workforce readiness this book is an excellent resource for researchers educators administrators policymakers instructional designers academicians and more     **Instructor's Manual for Understanding Schools** Gary K. Clabaugh,1990     **Double the Numbers** Richard Kazis,Joel Vargas,Nancy Hoffman,2004 Double the Numbers explores policies that are likely to serve as building blocks in any next phase of education reform that tackles the dual problems of high school completion and postsecondary access and success Only 25 percent of the U S high school students complete any college degree Among African American youth only 18 percent earn a baccalaureate by age twenty nine For Hispanic Americans the figure is a mere 10 percent The United States urgently needs to address this problem For reasons of intellectual and professional opportunity economic efficiency and social equity the nation must do a better job of preparing young people not only to enter college but also to earn credentials that are key to professional and economic success Double the Numbers highlights emerging strategies at state district and school levels for improving postsecondary outcomes High schools pose special challenges in this regard how to motivate older adolescents in school settings how to overcome the rigidities of high school schedules and routines how to prepare students for smooth transitions to postsecondary learning and success This book explores policies that are likely to serve as building blocks in any next phase of education reform that tackles the dual problems of high school completion and postsecondary access and success The contributions from many of the leading figures in education reform such as Kati Haycock Robert Schwartz and Marc Tucker address these issues from a number of distinct perspectives The authors propose changes in the designs of high schools and colleges innovations that could overcome the discontinuities perverse incentives and inflexibilities of existing educational institutions They focus on state policy because to double the number of students attaining postsecondary credentials within a decade will require aggressive innovation by states Finally they consider how opportunities and outcomes vary by race ethnicity and gender and they look at the implications of these variations for policy and practice     *Bulletin of the Education Section Florence*

Nelson,C. F. Scheer,1947 **Venture Capital For Dummies** Nicole Gravagna,Peter K. Adams,2013-09-10 Secure venture capital Easy Getting a business up and running or pushing a brilliant product to the marketplace requires capital For many entrepreneurs a lack of start up capital can be the single biggest roadblock to their dreams of success and fortune Venture Capital For Dummies takes entrepreneurs step by step through the process of finding and securing venture capital for their own projects Find and secure venture capital for your business Get your business up and running Push a product to the marketplace If you're an entrepreneur looking for hands on guidance on how to secure capital for your business the information in Venture Capital For Dummies gives you the edge you need to succeed **The Publisher** ,1912 *Revolutions in Learning and Education from India* Christoph Neusiedl,2021-02-15 This book offers an important critique of the ways in which mainstream education contributes to perpetuate an inherently unjust and exploitative Development model Instead the book proposes a new anarchistic postdevelopmental framework that goes beyond Development and schooling to ask what really makes a meaningful life Challenging the notion of Development as a win win relationship between civil society the state and the private sector the book argues that Development perpetuates a hierarchical world order and that the education system serves to reinforce and re legitimise this unequal order Drawing on real life examples of unschooling and self designed learning in India the book demonstrates that more autonomous approaches such as these can help to fundamentally challenge dominant ideas of education equality development and what it means to lead meaningful lives The interdisciplinary approach pursued in this book makes it perfect for anyone with interests across the areas of education development studies radical political theory and philosophy **Saturday Review** ,1891 *The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces* ,1896 **British Books** ,1912 **The Publishers' Circular and Booksellers' Record** ,1912 **The City Record** ,1895 *The History of Legal Education in the United States* Steve Sheppard,2007 An invaluable and fascinating resource this carefully edited anthology presents recent writings by leading legal historians many commissioned for this book along with a wealth of related primary sources by John Adams James Barr Ames Thomas Jefferson Christopher C Langdell Karl N Llewellyn Roscoe Pound Tapping Reeve Theodore Roosevelt Joseph Story John Henry Wigmore and other distinguished contributors to American law It is divided into nine sections Teaching Books and Methods in the Lecture Hall Examinations and Evaluations Skills Courses Students Faculty Scholarship Deans and Administration Accreditation and Association and Technology and the Future Contributors to this volume include Morris Cohen Daniel R Coquillette Michael Hoeflich John H Langbein William P LaPiana and Fred R Shapiro Steve Sheppard is the William Enfield Professor of Law University of Arkansas School of Law **Workbook and Study Guide to Accompany Mass Communication, Producers & Consumers** Todd Hunt,Brent D.
