

Preparation for MSCE agriculture exams

- Agriculture as a subject focuses on increasing crop and livestock production
- Increased production is manifested through:
 - Increased food supply
 - Addressing challenges by climate change and soil degradation
 - Increased food security
 - Reducing cost of production
- Such being the case, some questions formulated are meant to assess students's understanding on how to solve these challenges
- The following activities will orient you on how you can show understanding of the ways of addressing the raised problems

Activity 1

Farmers in a certain village have the following resources at their disposal

- Local chickens
- Exotic chickens
- Water logged areas
- Fish pond

Explain any **five** ways in which farmers in the village can use the resources to increase production.

Suggested responses ... Activity 1

- Farmers must cross breed local and exotic chickens to increase meat and egg production
- Farmers must apply droppings from chickens around the fish pond to increase growth of plankton which acts as feed for fish
- They should drain water from the water logged areas to make the land suitable for
