in educational research practice and policymaking Tian suggests avenues for those who want to further develop these methods guiding readers to reflect on their positionality and ethical issues involved in the research process This insightful book is ideal for early career and experienced educational researchers who use qualitative methods in their inquiries It offers a reader friendly guide to methodology for scholars educators as well as undergraduate and postgraduate students The Gerontologist ,2007 *Arts-Based Research in Education* Melisa Cahnmann-Taylor,Richard Siegesmund,2013-10-08 This text introduces readers to definitions and examples of arts based educational research presents tensions and questions in the field and provides exercises for practice It weaves together critical essays about arts based research in the literary visual and performing arts with examples of artistic products of arts based research arts for scholarship s sake that illuminate by example Each artistic example is accompanied by a scholarARTist s statement that includes reflection on how the work of art relates to the scholar s research interests and practices *Arts Based Research in Education Foundations for Practice* helps the reader understand what arts based research is tracing the history of the field and providing examples includes end of chapter questions to engage students in practicing arts based inquiry and to generate class discussion about the material features a diverse range of contributors very established scholars in educational and social science research as well those new to the field represents a variety of voices scholars of color queer and straight orientations different ages experience and nationalities and presents beautiful illustrations of visual art data based poems plays short stories and musical scores First of its kind this volume is intended as a text for arts based inquiry qualitative research methods in education and related courses and as a resource for faculty doctoral students and scholars across the field of social science research methods **Choice** ,2008 Art-based Research Shaun McNiff,1998 Art therapy and all of the other creative arts therapies have promoted themselves as ways of expressing what cannot be conveyed in conventional language Why is it that creative arts therapists fail to apply this line of thinking to research In this exciting and innovative book Shaun McNiff one of the field s pioneering educators and authors breaks new ground in defining and inspiring art based research He illustrates how practitioner researchers can become involved in art based inquiries during their educational studies and throughout their careers and shows how new types of research can be created that resonate with the artistic process Clearly and cogently expressed the theoretical arguments are illustrated by numerous case examples and the final part of the book provides a wealth of ideas and thought provoking questions for research This challenging book will prove invaluable to creative art therapy educators students and clinicians who wish to approach artistic inquiry as a way of conducting research It will also find a receptive audience within the larger research community where there is a rising commitment to expanding the theory and practice of research Integrating artistic and scientific procedures in many novel ways this book offers fresh and productive visions of what research can be *Ethnologia Europaea Journal of European Ethnology* Tom O'Dell,Robert Willim,2012-03-26 Ethnography has become something of a buzzword in recent years It is talked about and invoked in disciplines ranging from

anthropology and ethnology to literature history business administration and design studies Textbooks that teach ethnography tend to imbue students with the impression that ethnography is a mode of systematic investigation by which the researcher gets closer to the realities of people's everyday lives But how straightforward are these processes in reality As ethnography spreads into new folds of research both within and without the academy the contributions in this volume demonstrate the manner in which field methods are adjusting transforming or taking new forms altogether If textbooks might lead students to believe that observations and interviews are the grounds upon which good ethnography can regularly be produced the authors in this volume take as their point of departure the realisation that ethnography is being used in a multitude of different contexts which forces them and us as readers to question the regularities and irregularities of their own work

Arts Based Research Tom Barone, Elliot W. Eisner, 2011-03-28 Arts Based Research is ideal for students researchers and practitioners This unique book provides a framework for broadening the domain of qualitative inquiry in the social sciences by incorporating the arts as a means of better understanding and rethinking important social issues In the book's 10 thought provoking chapters authors Tom Barone and Elliot W Eisner pioneers in the field address key aspects of arts based research including its purpose and fundamental ideas controversies that surround the field and the politics and ethics involved and key criteria for evaluation

Landscapes of Aesthetic Education Stuart Richmond, Celeste Snowber, 2009 This book brings together two experienced educators from the fields of teacher education and arts education The authors Richmond a photographer and Snowber a dancer and poet see aesthetic education as aiming to extend creativity appreciation of the arts and nature and the sensuous qualities of everyday life to gain a more intimate understanding of the self and the world They include poetic narrative philosophical and artistic ways of writing to support a more embodied and holistic aesthetics Landscapes of Aesthetic Education has significance for educators scholars students and artists and for all who would like to explore the connections between the arts aesthetics and transformation

Visual Arts Research, 2005
