

Manager Interview Questions and Answers

Feel confident and prepared by anticipating manager interview questions based on the knowledge and core competencies (skills and abilities) commonly required for success in a management job.

The knowledge requirements will vary depending on the employer, level and scope of the manager job. However typical knowledge requirements for managerial or supervisory jobs include:

- business and management principles
- strategic planning
- administrative procedures
- operating systems
- read and interpret accounting and financial reports
- budgets
- organizational planning tools
- information processing applications
- relevant software applications
- human resource management principles

Manager interview questions around the knowledge requirements are answered by reviewing your resume or CV as they refer directly to your qualifications and work task experience.

Anticipate and plan for questions that explore your training and qualifications and your task experience, with reference to the specific knowledge requirements listed.

Examples include:

"What methods have you used to evaluate employee's job performance?"

"What experience do you have in setting budgets?"
