

AMA Citation Style Guide

AMA (American Medical Association) is a citation style most commonly used in the health science and medical fields. Many classes here at the University of Bridgeport will require that you utilize this style. AMA involves the general format of a paper, in-text citations within the body of a paper, and the reference list at the end. It is important to note that, in most cases, every reference should have an in-text citation. Inversely, every in-text citation should correspond to a reference in the reference list.

General Format

AMA style requires the following formatting rules for writing assignments:

- AMA does not have a standard for line spacing, however most professors prefer double-spacing
- 1" margins on all sides
- 12-point font
- Times New Roman or Arial font
- Title page:
 - Title of paper. Capitalize like a sentence.
 - Your name. First name, middle initial, last name
 - Name of school
 - Abstract. Should contain the objective of the study, the main concepts explored, the study design and methodology; and the main conclusions of the study
- Header:
 - First page only, left-hand side. Running head: TITLE OF YOUR PAPER
 - Rest of pages, left-hand side. TITLE OF YOUR PAPER
 - Right-hand side of every page. Page number. Sometimes professors will want your last name along with this
