challenge for all rhythmologists This will be achieved only by collecting different inputs such as imagery and mapping This Research Topic will focus on how to define a persistent AF ablation strategy and evaluate its outcome What is the role of pre ablation imagery MRI ultrasound CT in elaborating an AF ablation strategy Could post ablation imagery be a tool to evaluate the success of an ablation Furthermore the different and complex mechanisms initiating and maintaining AF are still under investigation leading to the absence of consensus for ablation treatment What are the roles played by the new mapping tools along with their algorithms regarding the outcome of ablation The recent development of new ablation technologies catheters such as Pulse Field Ablation and Radiofrequency balloon are bringing a lot of questions regarding long term results of PVI and non PV trigger ablation

Applied Psychology in Personnel Management Wayne F. Cascio,1987 Abstract Personnel psychology as defined by the author is the application of psychological research and theory to problems of organizational human resource utilization Written for individuals with some background in personnel management and basic statistics the overall objective of the author is to help the student or professional effectively integrate psychological theory with appropriate tools and methodologies for increasing organizational effectiveness The book begins with a discussion of the pervasive nature of organizations in human society followed by an overview of the legal considerations of employment and personnel management
