Confronting Oppressive Assessments Walter S. Polka, John William McKenna, 2016-09-14 This book is about doing what is right for public education in the United States in this age of intensive curriculum convergence planned instructional standardization and oppressive accountability procedures. Information is presented about why and how educators parents students community members and policy makers have decided to protest against current state and federal educational policies and procedures. The practical experiences of parents teachers principals school superintendents school board members and professors are analyzed in chapters of this book. Their first hand experiences with the various components of the current reform movement are poignantly presented. Through their voices the frustrations with the serious flaws associated with this reform agenda are passionately and logically articulated. They comprehensively explain their personal and professional motivations for organizing and fomenting a rethinking in school reform implementation procedures and they advocate their smarter approach to school reforms in our country. The book includes key references that elucidate the need to seriously re think the directions and strategies of contemporary schooling in order to maintain enlightened creative instruction based on exciting student centered curriculum experiences and professional educational judgments.

Research Anthology on Feminist Studies and Gender Perceptions Management Association, Information Resources, 2022-01-21 Global society has always been impacted by the perception of gender. While gender roles may differ in certain cultures many cultures around the world have allowed for the disempowerment and objectification of women. Women today still struggle for gender equality whether it be professionally, socially or even legally. To examine feminism thoroughly however, a thorough analysis must be conducted on all genders and perceptions. The Research Anthology on Feminist Studies and Gender Perceptions explores the application of feminist theory and women empowerment in the 21st century and the role that gender plays in society. This book analyzes media representation, gender performativity and theory to present a comprehensive view of gender and society. Covering topics such as masculinity, women empowerment and gender equality, this two volume comprehensive major reference work is an essential resource for sociologists, community leaders, human resource managers, activists, students and professors of higher education, researchers and academicians.

Multidisciplinary Perspectives on Women, Voice, and Agency Yanikkaya, Berrin, Nairn, Angelique Margarita, 2020-07-31 Across the world it has remained a significant challenge for women to be heard within crucial components of society. Male domination has a vast history of restricting the visibility and voices of women in areas including economics and politics. In recent years however, those longstanding barriers are beginning to crumble as feminism and women's rights have become vital areas of research. Understanding the importance of having a voice and its relation to the construction of women's empowerment as well as existing limitations in global regions is imperative. Multidisciplinary Perspectives on Women, Voice, and Agency is a collection of innovative research on the examination of giving voice to women's issues in the contemporary world and their increasing impact within the various pillars of society. While highlighting topics including social change, digital activism and inclusion, this book is ideally designed for researchers, activists, policymakers, practitioners, politicians, advocates, educators and students seeking current research on women empowerment and the interpretation of women's voices throughout the globe.

The 2014 GED exam has been revised extensively to reflect the world we live in today. The most noticeable change is that the test is now computer based a transition that requires test takers to have strong typing and computer skills. The new exam covers additional topics in the Math and Science sections and includes blended subject matter within the sections meaning test takers will see science questions that require math to produce a numerical answer or social studies questions that require essay writing skills and so forth. Test takers will also find all question types used on the new computer format. With such comprehensive changes in store for test takers it is fitting for Barron's to offer a book based on the 2014 exam. The new How to Prepare for the GED Test offers test takers a guided approach to taking and passing the exam by building on the skills they already have. Test takers will benefit from the book's extensive subject reviews that cover all four of the new test sections: Social Studies, Science, Reasoning through Language Arts, Mathematical Reasoning. The book also includes diagnostic tests and two full length practice exams with all questions answered and explained.
