,2016 *What Caused the Great Bengal Famine 1943-44? A Closer Look at Natural, Socio-economic and Political Causes*
 Katrin Simon,2023-04-05 Seminar paper from the year 2023 in the subject History Asia grade 1 University of Vienna S dasien
 Tibet und Buddhismuskunde language English abstract The aim of this paper is to give a picture of the famine and all its
 elements as complete as possible within the restraints of this paper as well as discussing several different theories as to the
 cause of the famine e g food availability decline and food entitlement decline At the end of the paper the question What
 caused the Great Bengal Famine will be extensively answered from as many perspectives as possible by comparing and
 criticizing them throughout the text Establishing the incidence spread and severity of famines in the past has never been
 easy There is a plethora of preconditions causes and hazards coming together resulting in disaster This is no different in the
 case of the Great Bengal Famine or Ponchasher Monnontor in 1943 44 In examining the causes of this particular famine not
 only are there a lot of different factors to consider but there are many contradictory theories surrounding the events taking
 place in the province of Bengal during that time period Further complicating the research is the uncertainty on
 circumstances surrounding the famine and the official inquiry published by the colonial government Over and beyond there
 does not seem a complete study on the Great Bengal Famine considering and comparing all aspects of the time and most of
 the theories surrounding it This goal is going to be accomplished by discussing the general history and the key data of the
 Bengal famine 1943 44 in the first chapter The following and main chapter of the paper concentrates on causes and hazards
 in regard to the Great Bengal Famine and is threefold First there is a discussion about natural causes including a description
 of the natural hazards occurring at the beginning of the famine a description of the consequential rice shortage and a closer
 look at the food availability decline FAD approach Second the socio economic causes of the famine will be examined in
 connection with the concept of vulnerability the food entitlement decline FED approach and the hoarding and speculation
 claim by the colonial government will be discussed Third a closer look will be taken at political causes of the famine including
 the war related policies instated during the Second World War in Bengal and famine relief policies as well as the general
 approach to the Great Bengal Famine the colonial government exhibited At the end the different causes are being put in
 relation to each other and their interplay is discussed *Publishers' circular and booksellers' record* ,1872 *Publishers'*
