WHO Report on the Global Tobacco Epidemic 2015: Raising Taxes on Tobacco World Health Organization, 2015-07-31 This report the fifth in the series of WHO reports on the global tobacco epidemic presents a country level examination of the epidemic and identifies countries that have applied effective tobacco control measures The number of people worldwide protected by effective tobacco control measures continues to grow and countries that have adopted these measures at the highest level of achievement can be considered models for action for those countries that have yet to do so The focus of this report is raising taxes on tobacco the R component of MPOWER Time and again increasing taxes on tobacco products to increase retail prices has been proven to be the most effective and efficient of the best buy demand reduction measures to reduce tobacco use And yet it is also the least widely implemented measure

Playing with Fire Yilmaz Akyüz, 2017-06-30 Starting in the early 1990s many emerging and developing economies EDEs liberalized their capital accounts allowing greater freedom for international lenders and investors to enter their markets as well as for their residents to borrow and invest in international financial markets Despite recurrent crises liberalization has continued and in fact accelerated in the new millennium Integration has been greatly facilitated by progressively looser monetary policy in the United States notably the policies that culminated in debt crises in the United States and Europe and the ultra easy monetary policy adopted in response Not only have their traditional cross border linkages been deepened and external balance sheets expanded rapidly but also foreign presence in their domestic financial markets and the presence of their nationals in foreign markets have reached unprecedented levels As a result new channels have emerged for the transmission of financial shocks from global boom bust cycles Almost all EDEs are now vulnerable irrespective of their balance of payments external debt net foreign assets and international reserve positions although these play an important role in the way such shocks could impinge on them This is a matter for concern since the multilateral system still lacks mechanisms for orderly resolution of financial crises with international dimensions Playing with Fire provides an empirical account of deeper integration of EDEs into the global financial system and discusses its implications for stability and growth focusing on the role of policies in the new millennium in both EDEs and the United States and Europe

Economic Development in Africa, 2000 *Horizons 2030*, 2016 This document presented by the Economic Commission for Latin America and the Caribbean ECLAC to its member States at its thirty sixth session provides an analytical complement to the 2030 Agenda for Sustainable Development from a structuralist perspective and from the point of view of the Latin American and Caribbean countries The proposals made here stem from the need to achieve progressive structural change in order to incorporate more knowledge into production ensure social inclusion and combat

the negative impacts of climate change The reflections and proposals for advancing towards a new development pattern are geared to achieving equality and environmental sustainability In these proposals the creation of global and regional public goods and the corresponding domestic policies form the core for expanding the structuralist tradition towards a global Keynesianism and a development strategy centred around an environmental big push **Central Bank Policy** Perry Warjiyo, Solikin M. Juhro, 2019-07-25 Central Bank Policy Theory and Practice analyses various policies theories and practices adopted by central banks as well as the institutional arrangements underlying the principles of good governance in policy making It is the first book to comprehensively discuss the latest theories and practices of central bank policy Economic Review Federal Reserve Bank of Kansas City, 2014 *Annual Report* □□□□, 2017-03 **Asian Development Outlook 2015**, 2015 **Econ Focus**, 2015 *Fair Economics* Irene Schoene, 2015-09-10 Irene Schoene puts forward an alternative economics that is not only relevant to our modern world of technology and industry but which also shows an awareness of environmental considerations *Monthly Journal of Insurance Economics*, 1928 **Ag Decision Maker**, 2013

Urbanization and Development, 2016 The analysis of urban development of the past twenty years presented in this maiden edition of the World Cities Report shows with compelling evidence that there are new forms of collaboration and cooperation planning governance finance and learning that can sustain positive change The Report unequivocally demonstrates that the current urbanization model is unsustainable in many respects It conveys a clear message that the pattern of urbanization needs to change in order to better respond to the challenges of our time to address issues such as inequality climate change informality insecurity and the unsustainable forms of urban expansion PIDS ... Economic Policy Monitor, 2016 **Industrial Development Report** United Nations Publications, 2016-01-14 This report looks at how technology and innovation achieves inclusive and sustainable industrial development ISID Its main finding is that ISID is feasible and technology can simultaneously serve all three dimensions of sustainability including economic social and environmental Rapid inclusive and sustainable industrialization can happen more frequently provided that policymakers firmly steer the industrialization process with opportune policies and avoid past mistakes In some cases the spread of technology has not materialized in concrete growth opportunities because of the lack of technological capabilities Innovation needs to be supported by interventions strengthening the process from invention to adoption as capabilities are developed and high tech manufacturing sectors are created seeing higher rates of sustainable growth **In it Together** Organisation for Economic Co-operation and Development, 2015 This book highlights the key areas where inequalities are created and where new policies are required It examines the consequences of current consolidation policies structural labor market changes with rising non standard work and job polarization persisting gender gaps the challenge of high wealth concentration and the role for redistribution policies
