66 Love Letters Study Guide:

66 Love Letters Larry Crabb, 2011-05-09 Have you ever read the Bible only to come away confused Learn the meaning of each of the 66 books of the Bible and how each one is a love letter to God's people After working with people as a psychologist for four decades author Larry Crabb invites you to explore the Bible in a new way He offers a fresh relational look at Scripture through intimate discussions with God Told through a series of conversations between himself and God Larry wrestles through what God intends us to understand in each of the 66 books of the Bible Each book tells a story that is a part of a larger one of God and how He loves His people Perfect for a small group bible study or used as a daily devotional Larry asks deeply honest questions such as God what is it you wanted me to see in Obadiah And what's up with Leviticus Is there anything there for me This one verse in Galatians has always frustrated me Why is that The way you wrote Revelation makes it difficult to understand why didn't you just describe what will happen in a straightforward way Listen to the story of God unfold through these chapters and you'll find not only His redeeming love but His plan and provision designed especially for you Though life may not be going according to your plan God has another one far better than you can imagine From Genesis to Revelation experience His invitation to get you dancing with joy

SCM Studyguide: Theology in the Contemporary World Ben Pugh, 2017-10-30 No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads They are bombarded with claim and counter claim as soon as they want to tackle anything topical The contentious subjects tend to be the historical Jesus gender and sexuality or the atonement Other subjects might be less contentious but attract an astonishing excess of literature Take the vast literature tackling the subject of the Church for instance or the bloated body of tomes on various aspects of Pneumatology This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive approachable and informative It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry

Searching the Heart Karen Lystra, 1992-06-25 In January 1862 Charles Godwin courted Harriet Russell ultimately unsuccessfully with the following lines Like cadences of inexpressibly sweet music your kind words came to me causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony Almost ten years later Albert Janin upon receiving a letter from his beloved Violet Blair responded with I kissed your letter over and over again regardless of the small pox epidemic at New York and gave myself up to a carnival of bliss before breaking the envelope And in October 1883 Dorothea Lummis wrote candidly to her husband Charles I like you to want me dear and if I were only with you I would embrace more than the back of your neck be sure In Karen Lystra's richly

provocative book *Searching the Heart* we hear the voices of Charles Albert Dorothea and nearly one hundred other nineteenth century Americans emerge from their surprisingly open intimate and emotional love letters While historians of nineteenth century America have explored a host of private topics including courtship marriage birth control sexuality and sex roles they have consistently neglected the study of romantic love Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America Based on a vast array of love letters the book reveals the existence of a real openness even playfulness between male and female lovers which challenges and expands more traditional views of middle class private life in Victorian America Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships Enabling us to enter the hidden world of Victorian lovers the letters they left behind offer genuine proof of the intensity of their most private interactions feelings behaviors and judgments Lystra discusses how Victorians anthropomorphized love letters treating them as actual visits from their lovers insisting on reading them in seclusion sometimes kissing them as Albert does with Violet s and even taking them to bed She also explores how courtship rituals which included the setting and passing of tests of love succeeded in building unique emotional bonds between lovers and how middle class views of romantic love which encouraged sharing knowledge and intimacy gave women more power in the home Through the medium of love letters *Searching the Heart* allows us to enter unnoticed the Victorian bedroom and parlor We will leave with a different view of middle class Victorian America
