Frey, 2013-09-13 Modern Classroom Assessment offers an applied student centered guide to the major research based approaches to assessment in today's modern classroom. Rather than simply list basic assessment formats with a few examples as many textbooks do, award winning professor and scholar Bruce Frey's book fully explores all five key approaches for teacher designed assessment: Traditional Paper and Pencil, Performance Based, Assessment, Formative Assessment, Universal Test Design, and Authentic Assessment, while making abstract concepts and guidelines clear with hundreds of real world illustrations and examples of what actual teachers do. Offering a variety of engaging learning tools and realistic stories from the classroom, this text will give any reader a strong foundation for designing modern assessments in their own classrooms.
