Locations play an important role in every story but in British and American contemporary crime fiction they are often inextricable from the narrative. This work examines the city, the countryside and the wilderness as places ripe with literary significance and symbolism. Using works by authors like Robert Galbraith, Ian Rankin, Denise Mina, Chris Brookmyre, John Knox, Peter Robinson, Linda Barnes, Dana Stabenow, Nevada Barr, Les Roberts, Philip R. Craig and others, this work offers a fresh assessment of how place and space are employed in contemporary crime fiction. Highlighted are similarities and differences among the authors' approaches to setting and how they relate to the history of crime fiction and to the general literary representation of place. Going beyond mere literary geography, the book engages the sociocultural dimensions of the communities affected by crime. Chapters also analyze the reader's perception, recognition and appreciation of place and community.

[Tony Hillerman](#) James McGrath Morris, 2021-10-14 2022 Mystery Writers of America Edgar Award Finalist

The author of eighteen spellbinding detective novels set on the Navajo Nation, Tony Hillerman simultaneously transformed a traditional genre and unlocked the mysteries of the Navajo culture to an audience of millions. His best selling novels added Navajo Tribal Police detectives Joe Leaphorn and Jim Chee to the pantheon of American fictional detectives. Morris offers a balanced portrait of Hillerman's personal and professional life and provides a timely appreciation of his work. In intimate detail, Morris captures the author's early years in Depression era Oklahoma, his near death experience in World War II, his sixty year marriage to Marie, his family life including six children, five of them adopted, his work in the trenches of journalism, his affliction with PTSD and its connection to his enchantment with Navajo spirituality and his ascension as one of America's best known writers of mysteries. Further, Morris uncovers the almost accidental invention of Hillerman's iconic detective, Joe Leaphorn, and the circumstances that led to the addition of Jim Chee as his partner. Hillerman's novels were not without controversy. Morris examines the charges of cultural appropriation leveled at the author toward the end of his life. Yet for many readers, including many Native Americans, Hillerman deserves critical acclaim for his knowledgeable and sensitive portrayal of Din Navajo history, culture and identity. At the time of Hillerman's death, more than 20 million copies of his books were in print and his novels inspired Robert Redford to adapt several of them to film. In weaving together all the elements of Hillerman's life, Morris drew on the untapped collection of the author's papers, extensive archival research, interviews with friends, colleagues and family, as well as travel in the Navajo Nation. Filled with never before told anecdotes and fresh insights, Tony Hillerman will thrill the author's fans and awaken new interest in his life and literary legacy.

Philosophical humor of the highest order. Kirkus Reviews

Time itself is threatened and it's up to the History Monks to save it in this hilarious installment in Sir Terry Pratchett's bestselling Discworld series. Everybody wants more time. Which is why on Discworld only the experts can manage it: the venerable Monks of History who store it and pump it from where it's wasted like underwater.
