## **A War Primer:**

*War Primer* Bertolt Brecht, 2017-05-02 In this singular book written during World War Two Bertolt Brecht presents a devastating visual and lyrical attack on war under modern capitalism He takes photographs from newspapers and popular magazines and adds short lapidary verses to each in a unique attempt to understand the truth of war using mass media Pictures of catastrophic bombings propaganda portraits of leading Nazis scenes of unbearable tragedy on the battlefield all these images contribute to an anthology of horror from which Brecht's perceptions are distilled in poems that are razor sharp angry and direct The result is an outstanding literary memorial to World War Two and one of the most spontaneous revealing and moving of Brecht's works

**A War Primer. Containing Prayers, Old and New, for Public and Private Use in Time of War. Selected and Arranged by F.B. Macnutt** Frederic Brodie MACNUTT, 1939 *War Primer 3*, 2015 War primer 3 is a reworking of Adam Broomberg and Oliver Chanarin's War primer 2 itself a reworking of Bertolt Brecht's *Kriegsfibel* In this remarkable critique of the relationship between war and photography Brecht sought to extract the hidden meanings behind images of conflict with short poems inspired by the funereal epigrams of the ancient world Broomberg and Chanarin in turn updated Brecht's book by introducing images from the so called War on Terror each intended to resonate with Brecht's original text While in some respects brilliant in other ways Broomberg and Chanarin's follow up was deeply problematic particularly the book's existence as an expensive editioned art object and the use of unpaid uncredited intern labour in its production In the spirit of Brecht's playful invocation not to start with the good old things but the bad new ones I have reworked Broomberg and Chanarin's book into a new work primer a meditation on inequality labour and capital By restructuring the book around the text of Brecht's poem *A Worker Reads History* and adding new images and text a third incarnation of the book came into being one designed as a tribute to the anonymous many who keep the engines of the world turning from [www.lewisbush.com](http://www.lewisbush.com)

**Dramaturgies of War** Anselm Heinrich, Ann-Christine Simke, 2023-12-01 This book examines the institutional contexts of dramaturgical practices in the changing political landscape of 20th century

Germany Through wide ranging case studies it discusses the way in which operationalised modes of action legal frameworks and an established profession have shaped dramaturgical practice and thus links to current debates around the institutional turn in theatre and performance studies German theatre represents a rich and well chosen field as it is here where the role of the dramaturg was first created and where dramaturgy played a significantly politicised role in the changing political systems of the 20th century The volume represents an important addition to a growing field of work on dramaturgy by contributing to a historical contextualisation of current practice In doing so it understands dramaturgy not only as a process which occurs in rehearsal rooms and writers studies but one that has far wider institutional and political implications
