The Emerging Middle Class in Africa Mthuli Ncube, Charles Lufumpa, 2014-10-10 The emergence of the African middle class as a driver of Africa's economic growth stands out as an important milestone in Africa's contemporary economic history This growth though uneven is a source of hope for Africa but also a signal to the rest of the world on the prospects for economic recovery and renewal particularly because it has been steady despite the global downturn The Emerging Middle Class in Africa analyses specific aspects of the lives of the middle class in Africa It looks at how people become and remain in the middle class through a series of thematic chapters It examines how behaviour changes in the process in terms of consumption patterns and spending on health and education A further dimension of this analysis is how class impacts on gender relations and whether women are able to reap the same benefits of social advancement available to men Africa is a continent of such scale and diversity that experiences across countries vary widely The book thus captures the common patterns across the continent This text is primarily aimed at Africanist researchers policy makers development practitioners and bilateral and multilateral institutions as well as students of African studies political science political economy development studies and development economics

Statement of Particulars Regarding Books and Periodicals Published in the United Provinces United Provinces of Agra and Oudh (India). Education Dept, 1924

Tribalism and Political Power in the Gulf Courtney Freer, Alanoud al-Sharekh, 2021-09-23 Gulf societies are often described as being intensely tribal However in discussions of state building and national identity the role of tribalism and tribal identity is often overlooked This book analyses the political role of tribes in Kuwait Qatar and the UAE aiming to understand the degree to which tribes hinder or advance popular participation in government and to what extent they exert domestic political power The research traces the historical relationship between ruling elites and nomadic tribes and by constructing political histories of these states and analysing the role of tribes in domestic political life and social hierarchies reveals how they serve as major political actors in the Gulf A key focus of the book is understanding the extent to which societies in the Gulf have become re bedouinised in the modern era and how this has shaped these states political processes and institutions The book explores the roles that tribes play in the development of progressive citizenship regimes and policymaking today and how they are likely to be influential in the future within rentier environments

Global Resurgence

of the Right Gisela Pereyra Doval, Gastón Souroujon, 2021-07-27 This book provides a broad ranging analysis of the global resurgence of right wing forces in the twenty first century These parties organisations and social movements represent a break from right wing forces in interwar political history in Europe and the United States and the right wing dictatorships in Latin America The book reflects on the most appropriate conceptual categories to account for this phenomenon and whether terms such as populism fascism authoritarianism or conservatism can explain the new manifestations of the right The book also explores this through a range of national case studies written by country specialists focusing on Austria Italy Spain Argentina Brazil Ecuador and the United States of America Providing a much needed global perspective this book will be of considerable interest to students and scholars of populism fascism right wing extremism and conservatism **Geography** South Africa.
