Do Not Sell At Any Price Amanda Petrusich, 2014-07-08 A thoughtful entertaining history of obsessed music collectors and their quest for rare early 78 rpm records Los Angeles Times *Do Not Sell at Any Price* is a fascinating complex story of preservation loss obsession and art Before MP3s CDs and cassette tapes even before LPs or 45s the world listened to music on fragile 10 inch shellac discs that spun at 78 revolutions per minute While vinyl has enjoyed a renaissance in recent years rare and noteworthy 78rpm records are exponentially harder to come by The most sought after sides now command tens of thousands of dollars when they're found at all *Do Not Sell at Any Price* is the untold story of a fixated coterie of record collectors working to ensure those songs aren't lost forever Music critic and author Amanda Petrusich considers the particular world of the 78 from its heyday to its near extinction and examines how a cabal of competitive quirky individuals have been frantically lining their shelves with some of the rarest records in the world Besides

the mania of collecting Petrusich also explores the history of the lost backwoods blues artists from the 1920s and 30s whose work has barely survived and introduces the oddball fraternity of men including Joe Bussard Chris King John Tefteller and others who are helping to save and digitize the blues country jazz and gospel records that ultimately gave seed to the rock pop and hip hop we hear today From Thomas Edison to Jack White Do Not Sell at Any Price is an untold intriguing story of the evolution of the recording formats that have changed the ways we listen to and create music Whether you re already a 78 aficionado a casual record collector a crate digger or just someone who enjoys listening to music you re going to love this book Slate
