Personel Management N4 2013 Question Paper:

The Report: Nigeria 2015 Oxford Business Group, 2015-05-05 Despite concerns linked to short term and cyclical risks including unequal development policy uncertainty declining oil prices and localised unrest the longer term growth fundamentals are clear. Following the presidential elections in March 2015 the newly elected government of President Muhammadu Buhari will face a host of challenges ranging from high levels of rural poverty to concerns over governance and an insurgency in the north. The outcome of the presidential elections gave Nigeria its first peaceful handover of power in more than 16 years as well as a boost of momentum that along with its economic fundamentals places it on the cusp of potentially long term broad based growth. [China and the Internet](#) Song Shi, 2023-12-15 Two oversimplified narratives have long dominated news reports and academic studies of China's Internet one lauding its potentials to boost commerce the other bemoaning state control and measures against the forces of political transformations. This bifurcation obscures the complexity of the dynamic forces operating on the Chinese Internet and the diversity of Internet related phenomena. [China and the Internet](#) analyzes how Chinese activists NGOs and government offices have used the Internet to fight rural malnutrition the digital divide the COVID 19 pandemic and other urgent problems affecting millions of people. It presents five theoretically informed case studies of how new media have been used in interventions for development and social change including how activists battled against COVID 19. In addition this book applies a Communication for Development approach to examine the use and impact of China's Internet. Although it is widely used internationally in Internet studies Communication for Development has not been rigorously applied in studies of China's Internet. This approach offers a new perspective to examine the Internet and related phenomena in Chinese society. [Resources in Education](#), 1995

democratization and African studies Personnel Management Louise Luttig,1997 **Resilience in the Pacific and the Caribbean** Simon Hollis,2020-10-26 This book critically examines the global diffusion and local reception of resilience through the implementation of Disaster Risk Reduction DRR programmes in Pacific and Caribbean island states Global efforts to strengthen local disaster resilience capacities have become a staple of international development activity in recent decades yet the successful implementation of DRR projects designed to strengthen local resilience remains elusive While there are pockets of success a gap remains between global expectations and local realities Through a critical realist study of global and local worldviews of resilience in the Pacific and Caribbean islands this book argues that the global advocacy of DRR remains inadequate because of a failure to prioritise a person orientated ethics in its conceptualization of disaster resilience This regional comparison provides a valuable lens to understand the underlying social structures that makes resilience possible and the extent to which local governments communities and persons interpret and modify their behaviour on risk when faced with the global message on resilience This book will be of much interest to students of resilience risk management development studies and area studies *Yearbook of International Organizations* ,2011 Edition for 1983 84 published in 3 vols vol 1 Organization descriptions and index vol 2 International organization participation vol 3 Global action networks University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System).
