By: Patrick Cox

Original non-secure materials written based on previous secure multiple choice and FRQ questions from the past three years. I wrote this as a way for my students to have access to multiple choice and FRQ since secure materials can't be used outside of class.

Feel free to use in your class, post to the internet/classroom, you will find the answer key to the multiple choice and FRQ at the end. Below, you can find which problems can be answered after each unit in the CED (although questions definitely can span across multiple units in the CED). I do not work for Collegeboard so these categorizations are to the best of my knowledge using the public CED.
