Findley, The worldwide Flood is one of the most discounted records in the Scriptures Yet it is supported around the world by historical accounts Take a look at feasibility studies on the safety and the stocking of the Ark The Geologic Column ought to prove that fossils reveal the age of the earth They show progression from simple to complex organisms over millions of years But do they Take a look at living fossils Meet the extinct creature found only in the oldest layers but more complex than later life forms Consider the real conditions that surrounded the Flood and the Ice Age **The Conflict of the Ages Teacher**

Edition I The Scientific History of Origins Michael J. Findley, Mary C. Findley, Teacher Edition includes complete student text review questions vocabulary and answer keys The Conflict of the Ages is a Multi Part exploration of History Science and ancient Literature This first installment covers the concepts of God time Creation physics cosmology and specifics about each day of Creation We make comparisons with ancient sources to see where they agree with the Scriptural account We reference classic and modern scientific views exposing errors preconceptions presuppositions and falsehoods taught as fact by the mainstream scientific community God is the first witness and the Bible the first eyewitness account of beginnings and origins Other ancient documents contain at least some truths and parallel accounts *Already Gone* Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study Answers in Genesis commissioned from America s Research Group led by respected researcher Britt Beemer The results may unnerve you they may shake long held assumptions to the core but these results need to be taken seriously by the church Already Gone reveals Why America s churches have lost an entire generation of believers The views of 1 000 twenty somethings solidly raised in the church but no longer attending and their reasons why Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the epidemic rather than helping alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience Already Gone shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way **The Conflict of the Ages Teacher Edition I: the Scientific History of Origins**
