Scaffolding Young Writers Linda J. Dorn, Carla Soffos, 2001 The goal of teaching writing is to create independent and self motivated writers When students write more often they become better at writing They acquire habits skills and strategies that enable them to learn more about the craft of writing Yet they require the guidance and support of a more knowledgeable person who understands the writing process the changes over time in writing development and specific techniques and procedures for teaching writing In *Scaffolding Young Writers A Writers Workshop Approach* Linda J Dorn and Carla Soffos present a clear road map for implementing writers workshop in the primary grades Adopting an apprenticeship approach the authors show how explicit teaching good models clear demonstrations established routines assisted teaching followed by independent practice and self regulated learning are all fundamental in establishing a successful writers workshop There is a detailed chapter on organizing for writers workshop including materials components routines and procedures Other chapters provide explicit guidelines for designing productive mini lessons and student conferences *Scaffolding Young Writers* also features An overview of how children become writers Analyses of students samples according to informal and formal writing assessments Writing checklists benchmark behaviors and rubrics based on national standards Examples of teaching interactions during mini lessons and writing conferences Illustrations of completed forms and checklists with detailed descriptions and blank reproducible forms in the appendix for classroom use Instruction is linked with assessment throughout the book so that all teaching interactions are grounded in what children already know and what they need to know as they develop into independent writers [180 Days of Writing for First Grade: Practice, Assess, Diagnose](#) Smith, Jodene, 2017-03-01 180 Days of Writing is an easy to use resource that provides first grade students with practice in writing argument opinion informative explanatory and narratives pieces while also strengthening their language and grammar skills Centered on high interest themes each two week unit is aligned to one writing standard Students interact with mentor texts during the first week and then apply their learning the next week by practicing the steps of the writing process prewriting drafting revising editing and publishing Daily practice pages make activities easy to prepare and implement as part of a classroom morning routine at the beginning of each writing lesson or as homework Genre specific rubrics and data analysis tools provide authentic assessments that help teachers differentiate instruction Develop enthusiastic and efficient writers through these standards based activities correlated to College and Career Readiness and other state standards *How to Write a Paragraph, Grades 6-8* Kathleen Christopher Null, 1999 Introduces basic concepts of paragraph writing explains the essentials of paragraphs and provides practice exercises *Critical Thinking in the Elementary Classroom* Erin Shadowens, 2023-10-31 Even young students can develop vital critical thinking skills when they have access to rich content meaningful opportunities to practice and guided instruction Critical thinking evaluating and analyzing data to make informed judgments is essential in both the classroom and everyday life Teaching critical thinking

skills in the elementary grades is often an afterthought if it is a thought at all. Veteran primary teacher and instructional leader Erin Shadowens proposes that students of all ages benefit when teachers expand the definition of what is possible by engaging young learners with real challenges and supportive accessible learning environments. In *Critical Thinking in the Elementary Classroom*, Shadowens explores the concept of critical thinking, clarifies misunderstandings, and delves into relevant research. It introduces the Critical Thinking Framework to help nurture deep thinking in the context of content-focused lessons, presents case studies of the framework in action, shows how to apply the framework at the unit and lesson levels, addressing common instructional pitfalls along the way. It describes how a virtuous cycle of assessment and feedback promotes academic achievement and critical thinking. It illustrates how to foster an intellectual community with young learners. Ultimately, this book guides elementary teachers in supporting students to think deeply about rich content, make insightful connections, and address issues in broader, more meaningful ways both in and outside of school.
