

Since you've become a teenager, what is the greatest challenge you've faced?

What is the most important thing anyone has ever said to you? How did it make you feel?

What career are you best suited for? Write about one or two professions where you would excel.

Write about a historical figure who you believe truly changed the world. Why was this person so significant?

Is it important for students to learn in a physical classroom today, or is an online class-room just as good?

Write about an object that you always have with you. Why is this object important?

Write about an experience or event that you always carry with you. Why does this instance stick in your mind?

What is the difference between a privilege and a right? Give examples of each.

What is the greatest compliment you could give someone else? Do many people in your life deserve this type of compliment?

Write about the most individual person you know—and describe what sets him or her apart from other people.

Do you have a curfew? Why or why not?

What do you think of government programs that promote healthy eating and nutrition?

Write about a time when you learned a hard truth about yourself. How did you feel afterward?

What type of weather best represents your personality? Why?

What qualities make someone a good friend?

What new roles and responsibilities do you have now that you're in high school?

Are you for or against the death penalty? Why?

Write about a time when you succumbed to peer pressure.

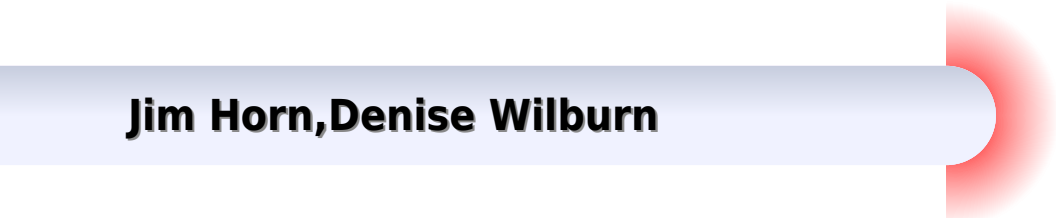

Have you ever felt lonely? Write about an experience when you felt like you had trouble relating with other people.

What is your single greatest fear—and why are you afraid of it?
