

The background of the cover is a delicate illustration of a cherry blossom branch. The branch, rendered in black ink, winds across the frame, bearing several clusters of pink flowers. The petals are a soft pink color, while the leaves are simple white shapes with black outlines. Numerous pink petals are scattered throughout the white background, creating a sense of gentle falling. A solid black vertical bar runs along the left edge, and a solid pink vertical bar runs along the right edge.

Collective tenure rights for REDD+ implementation and sustainable development Bradley, A. and

Fortuna, S.,2021-02-26 This technical paper emphasizes the opportunity that REDD and the global climate agenda represents for countries to engage more actively in securing land and resource rights for indigenous peoples and local communities At the same time it stresses how collective tenure rights represent a key element to achieve long lasting and successful results for REDD contributing to addressing global climate change **Collective Bargaining Developments in Times of Crisis**

Sylvaine Laulom,2016-04-24 In many EU Member States the various economic crises of recent years provided grounds for a rarely equalled level of state intervention in the regulation of labour relations with an explicit aim the decentralisation of collective bargaining An extensive body of research summed up and analysed expertly in the chapters of this very important book reveals that the process of decentralisation has more often than not led to a situation where salaries and labour conditions are ever more frequently determined by direct negotiations between employer and employees with the State becoming the sole guarantor of employee protection even as it encourages decreasing labour costs to ensure that companies remain competitive The comparative approach offered in this book adds to this synthesis by providing examples of specific recent developments in fourteen Member States and Turkey Among the numerous topics and issues that arise are the following opt out clauses that derogate unfavourably from sectoral agreement standards extension of the employer's unilateral decision making power memoranda of understanding imposed by the troika EU ECB and IMF and stand by arrangements imposed by the IMF However notwithstanding the strong emphasis on changing the structure of collective agreements by shifting the centre of gravity closer to the company research finds promise in the reconstituted support for sector level agreements increasingly found among very small businesses networked businesses and work via digital platforms This is the first book to take stock of the current state of collective bargaining in Europe It is an essential study for labour and employment law practitioners and an exemplary analysis of immeasurable value to policymakers and academics in the field
