The Agent's Manual of Life Assurance. By the Author of "The American Manual of Life Assurance," Etc. [i.e. H. C. Fish.] ,1868 **The Agent's Manual of Life Assurance ...** Henry Clay Fish,1868 The Agents Grégoire Courtois,2022-01-18

Nineteen Eighty Four meets Tron via The Office in this boldly dystopian novel The agents don't know what they're agents of but they're very busy agenting which means watching endless data feeds in their cubicles cubicles that are piled one on top of another in a massive tower in which the agents both live and work Empty floors serve as battlefields where different guilds of agents fight for territory It seems that defenestration is the only way out the ballet of suicides It is here we meet Thodore who has amputated his own toes and must maintain a 30 degree angle to keep his balance And Solveig who is pregnant though agents don't usually have sex as well as the artist Lazslo and self mutilating Clara And then there's Hick the new agent who seems strangely happy and occupies a cubicle that is strategically very important The battle for key territory is heating up and the agents aren't sure which of them will make it out alive If indeed that's what any of them want The author of the acclaimed The Laws of the Skies turns his hand from literary horror to futuristic dystopianism in this unforgettable marriage between The Office Nineteen Eighty Four and Tron Unflinching in its savagery the nightmarish poetry of this modern Lord of the Flies is undeniable Publishers Weekly starred review on The Laws of the Skies A haunting book if you can keep reading LitHub on The Laws of the Skies The Law of the Skies is not an easy book to digest but I found it exhilarating to read a novel that's this unflinching this nihilistic and also this deeply profound Locus Magazine Joseph Conrad David J. Supino,2022-08-13 David J Supino traces in unprecedented detail the lineaments of Joseph Conrad's authorial career and the fortunes and misfortunes of his publishers on both sides of the Atlantic This work is a model of the integrative scholarly method combining close bibliographical scrutiny of particular textual artifacts with archival recovery of book historical information in as much detail as the surviving documents allow The book is essential reading not only for students of Conrad but also for all those who wish to understand the publishing history of this era **The Insurance Monitor** ,1874
