Notes on Creativity

• Inspiration is everywhere, we just capture it with the stroke of a pen.

• We can find it by viewing things from a different vantage point, gaining a new perspective.

• Looking for the extraordinary in the everyday.

• Try to look outside of a frame, for the world is full of stories and their stories are told by the ones who tell them. Look around and the past will tell the best history of your family, starting by looking it up at the library. See where the ancestors have been, what they did and who they are to us. When others only share the past, we present our day yet to the world. We must share the history of the moment to share the future.

• We can never be too old to learn.

• We know you don't like your history class, so here are some history jokes and stories.

• We welcome you to our historical journey.
