The British National Bibliography Arthur James Wells, 2001 Amazon Slave Lisette Ashton, 2005 Stranded alone and penniless in the heart of the Amazon Basin Emily thinks things can't get any worse. It is only when she meets the captain of the Amazon Maiden that her dark journey truly begins *Interdisciplinarity* Didi Herman, Connal Parsley, 2022-02-23

This book illuminates methodology in legal research by bringing together interdisciplinary scholars who employ a diverse set of methodologies to address a specific shared research challenge. The body. The contributors were asked a question: if you were invited to contribute to an edited book on the body, where would you start and then where would you go? The result is a self-reflective discussion of how and where researchers engage with methodological practices. The contributors draw on their own interdisciplinary research experiences to explore how the body might be addressed in their work and the resources they would deploy in order to carry out the task. This book, within a book, is innovative in both content and format. It provides a rare insight into how top interdisciplinary legal scholars go about making decisions about their research. The shared device of the body allows the volume to trace a number of rich approaches into the process of research as practiced by these diverse scholars. In presenting thinking and research in action, the volume offers a new self-reflective view on the much-addressed theme of the body as well as taking a fresh approach to the historically vexed problem of research methodology in legal studies.

Shrimp and Prawn Welfare in the Wild-Caught Fishing Industry Ren Ryba, Shannon M Davis, Tse Yip Fai, Peter Singer, 2025-09-26 At 37 trillion individuals per year, wild-caught shrimp and prawns appear to be the single most numerous group of animals directly killed for human food consumption on the planet. Recent scientific developments suggest that at least some species of shrimp are sentient beings and should that be the case, there is a need for policies that could improve shrimp welfare. This book delves into the ethical implications of the probability that shrimp and prawns are capable of feeling pain and the welfare policies that could be adopted. It looks at global shrimp fisheries and their different animal welfare concerns from the largest industrial trawlers in developed and developing countries to small-scale fisheries in developing countries. The authors provide a new dataset of the estimated numbers of individual shrimp caught by country and species, using this to describe the shrimp fishing industry in the world's top 30 countries by estimated catch. Examining recent developments in government and industry policy, the book suggests ways that policymakers could improve wild-caught shrimp welfare from installing electrical stunning equipment in large-scale trawl fisheries to improving supply chain practices in small-scale fisheries. It provides a roadmap for future research and policy to address this urgent emerging challenge. This book's data visualisations and roadmap will empower researchers, NGOs, and policymakers to focus their efforts on the most impactful and evidence-based solutions for improving aquatic animal welfare.

The Slave's Diary Kenneth McClelland, 2012-01-28 While on his first hunt with his father a young boy named Kimbo is kidnapped out of Africa to become a slave in 19th century Virginia Sold like property to various plantation owners one day he makes his escape from a master who s forcing him to fight another slave named Barnyard Willie In the midst of his escape he manages to rescue a lost little white girl he finds in the woods Soon captured by the sheriff and sold to a paddy roller he ends up with a master who tries to kill him Kimbo is finally redeemed when a white preacher steps in to show him what true freedom really is Here s an excerpt from this award winning book Loud noises were coming from the other side of the hull beside where I was leaning perhaps the anchor being pulled from the water and onto the deck I felt the large ship begin to move to the left and then the right as they turned the ship in their attempt to steer it into the wind which seemed to keep changing direction We moved through the water slowly at first but once we were pointed in the right direction it felt like we were racing across the water Then suddenly the ship leaned hard to the left away from me as the captain turned it again towards the ever shifting winds This sent many of us crashing into the person on the other side of the bench we were on as we were driven by the forces of nature to lean into him One man cried out in agony as the weight of two dozen slaves from our row leaned hard against him I braced myself because I was on the other side and expected it would be just moments before we d be tossed the other way with me on the painful end But the ship found its direction and gradually eased into a more upright position allowing me to relax for a while The ship swayed gently back and forth as her full sails held fast to the wind carrying us very swiftly over the ocean waters But that was soon to change The men who were at first sobbing had now stopped and the poor man we d crushed earlier finally quit groaning from the pain he suffered from it It was quiet for a little while aside from the noises the ship made as it skipped along You could hear the ropes snap and pop now and then as they strained to hold the sails taut while the deck and side boards creaked loudly all around us almost in rhythm as they strained to hold each other in place We could tell that the winds were picking up as the cloth sails began slapping back and forth as the winds blew them in one direction and then quickly into another All the while they were driving us faster and further away from our homes but to where not a one of us knew The once gentle motion of the ship was now roughly tossing us all back and forth Many were getting sick again and the hold filled with the sounds of sickness and the rank smell of vomit that mixed with the other odors I quickly joined the sick even though

I had not eaten for almost two days The door above us opened for just a moment long enough to let in some amount of light that hurt our eyes which by then had grown accustomed to the darkness It was a welcome though brief relief as it also let in a sudden rush of fresh air to help drive away the smells Yet with it also came the sounds of the fierce winds howling and screaming outside of the ship which filled our ears and strengthened our fears A white man came down the steps to us carrying a lantern holding it up high to see that we were all still in our places and then he quickly went back up the stairs through the door and closed it tightly behind him Sea water washed in from the deck above us from beneath the door The ship leaned hard to one side and then to the other as wave after wave threw itself against us Many of those with me were crying out in their own languages perhaps seeking mercy perhaps seeking death Someone in the darkness cried out in my language that we were all going to die while another laughed out loud as if to imply that his god was angry *Nobody's Slave* Tim Vicary, 2013-02-25 The story of two boys on a voyage that transforms their lives Base on a true story from the time of Queen Elizabeth I it looks at the slave trade from two different sides Madu a young African is captured by the English slave trader Sir John Hawkins Tom Oakley is a young English sailor in charge of the slaves on Hawkins ship When the boys first meet they hate each other But as the story develops their roles are reversed and they become closer friends than either would have once thought possible The Empire of Necessity Greg Grandin, 2014-05-01 SHORTLISTED FOR THE SAMUEL JOHNSON PRIZE FOR NON FICTION 2014 Discover the story of a real life Captain Ahab of the slave trade in a landmark book by one of today s most original and highly acclaimed historians One morning in 1805 off a remote island in the South Pacific seal hunter and abolitionist Captain Amasa Delano climbed aboard the Tryal a distressed Spanish slaver He spent all day on the ship sharing food and water yet failed to see that the slaves having slaughtered most of the crew were now their own masters Later when Delano realized the deception he chased the ship down responding with barbaric violence Drawing on never before consulted records on four continents Greg Grandin follows this group of courageous slaves and their persecutor from the horrors of the Middle Passage to their explosive confrontation The Empire of Necessity is a gripping account of obsessive mania imperial exploitation and lost ideals capturing the epic clash of peoples economies and faiths that was shaping the so called New World and the Age of Revolution *The Prodigy Slave, Book One* Londyn Skye, 2020-11 At the age of nine Lily is forcefully torn from her mother s arms and sold at a Negro auction by her master a man that Lily learns that day is her very own father Seeking solace from such devastation Lily secretly begins teaching herself to play her new master s piano an instrument that she is forbidden from touching Lily becomes an extraordinary pianist and gets away with secretly playing for fourteen years until the master s son James discovers her deceit The punishment that James gives Lily starts her on an unprecedented journey that dramatically alters her life and influences the lives of thousands including a man with great power Lily s groundbreaking journey also unveils the secret altruistic love of a particular man who has been forbidden from expressing his love to her for years But the question remains whether or not the strength of his love will be

powerful enough to free Lily from the shackles of slavery and protect her dreams and her life while on her turbulent Journey to Winter Garden
