GNG1103 - Engineering Design

Objective

The goal of the lab is to gain proficiency in basic hand tools and small machinery. To have a good understanding of cutting speed and feed rate.

Pre-lab Preparation

Before arriving at the lab, students should review the lab manual and familiarize themselves with the lab set up and procedures. Students need to download a computer application from

https://makerepo.com/jboud030/651_formation-de-base-ra-ar-basic-training.

Students should also use a mouse for this lab.

General Rules and Safety

1. Following the *completion of basic training*, students will be permitted to use the Brunsfield Centre's workshop, and only those whom have already completed basic training will have access. Basic training will however grant limited access to the space as students will not have access to the mill, lathe, and welding area without having completed subsequent trainings for the respective equipment.
2. It is important to never work alone in the shop and to always have a supervisor on duty in the space. If working alone there is no one to help in the case of an accident or injury which makes it very dangerous.
3. Safety glasses must always be worn within the workshop. Safety glasses must be worn even if a face shield or welding helmet is being used overtop of them. Never approach anyone actively working the workshop without wearing safety glasses.
4. Proper footwear must be worn when working in the workshop to avoid hazardous situations (e.g. sparks, sharp metal, hot chips from operations) where the inappropriate footwear would cause greater levels of risk/harm. Closed-toed shoes must be worn. Not flip flops, crocs, mesh-toed running shoes and/or similar style or type of footwear. Steel-toed or similar footwear is recommended when working on larger, heavier projects.
5. Clothing that is long, baggy and/or loose must be rolled up. Strings on the front of a hoodie and hanging jewelry must be tucked under a shirt or taken off. Rings must not be worn inside of the machine shop. Long hair must also be tied back.
