Monroe, C.R., & Obidah, J.E. (2004). The influence of cultural synchronization on a teacher's perceptions of disruption: A case study of an African American middle-school classroom. *Journal of Teacher Education, 55*, 256-268.

I. Statement of the Problem

a. Research Topic

The topic is how to discipline students. The authors state, "student responses to teachers' disciplinary techniques can be unpredictable and require quick reactions on the part of the teacher." This sets the context for the more specific research problem.

b. Research Problem

As the title of the article suggests, cultural synchronization between the teacher and the students can be influential in discipline. This is illustrated in the authors' transcription of an interaction among students and the teacher along with commentary. More specifically, the authors note that Ms. Simpson (the teacher) has shifted her language to include dialect that is non-standard English but is closer to the students' own language. The authors state "Ms. Simpson's comments, undoubtedly, have altered her professional image from one of "effective educator" to "unprofessional teacher" in the

psychology journals **Writing in Psychology** Scott A. Miller, 2022-06-16 The second edition of Writing in Psychology by Scott A. Miller is a comprehensive guide to addressing the most challenging issues that students face while writing about psychology including what to say and how to say it. It offers practical tools to overcome the challenges and create an engaging work. The book is a valuable resource for helping readers become better writers of psychology with the aid of various helpful learning tools which provide detailed coverage of how to write empirical reviews, research proposals, literature reviews, term papers, and posters. It examines examples from journal articles that give readers a grasp of the content they will encounter in writing psychological reports. Furthermore, it includes exercises that provide an opportunity to apply the points conveyed in each chapter examples of ways to avoid the most common mistakes made by students and a guide to the best practices for improving one's writing. Readers will also develop a thorough understanding of how to write in an engaging yet accurate style using grammatical and word use rules that govern writing in general and the rules of the seventh edition APA American Psychological Association Publication Manual that determine the expression of that content.

Throughout the book emphasizes inclusion, diversity, and fair treatment of those with whom psychologists deal in research and writing. The book will benefit anyone looking for guidance on how to write about psychological content. It is ideal for research scholars and psychology students as a primary text for writing in psychology courses and a supplement for graduate or advanced undergraduate courses in research design or research methods

Perspectives on Argument Nancy V. Wood, 2007 This combination rhetoric reader helps readers develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments to read and form reactions and opinions of their own to analyze an audience to seek common ground and to use a wide realistic range of techniques to write argument papers that express their individual views and original perspectives on modern issues. The Rhetoric portion includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging class tested writing assignments and activities. The Reader portion includes 75 reading selections covering seven broad issue areas and 18 more focused areas all of contemporary concern. Unique chapters discuss argument styles, Rogerian argument, and argument and literature. Material covered includes engaging with argument for reading and writing, understanding the nature of argument for reading and writing, writing a research paper that presents an argument and visual and oral argument. Readings cover a range of issues including those concerning families and relationships, education, crime, and the treatment of criminals, race, culture, and identity, freedom, war, and issues concerning the future. For anyone interested in a clear presentation of argument theory applied to written, visual, and oral forms.
