*JFK, Oswald and Ruby* Burt W. Griffin, Warren Commission Assistant Counsel, 2023-06-15 In this book former Warren Commission lawyer Burt Griffin examines anew the Kennedy assassination its various investigations its effects on the Cold War and the civil rights movement and the motives of Lee Harvey Oswald and Jack Ruby Griffin begins with his own skeptical reaction to the assassination proceeds to the Dallas police investigation and continues with the efforts of himself and his colleagues to sift truth from those who concealed withheld or exaggerated evidence After nearly six decades of study Judge Griffin is satisfied that Oswald acted alone He concludes that violence in the Cold War and civil rights movement caused Oswald to believe that blame for Kennedy s death might be placed on followers of rightwing activist and former U S

Army general Edwin Walker was an outspoken enemy of Oswald's idol Cuban president Fidel Castro and a firm opponent of racial integration and Oswald had already attempted to murder Walker in April 1963. The author gives the Walker movement a more prominent place in the assassination story and traces the conflicting ambitions of Walker, Oswald, Kennedy, and Ruby as they collided in October and November 1963. This book will help serious readers separate truth from fiction and to become examiners of how insignificant, unsuspected, powerless people driven by very personal needs and fears can with the help of a firearm alter the course of history. Job One 2.0 Peter M. Magolda, Jill Ellen Carnaghi, 2014-04-15. In this second edition of *Job One*, editors Peter M. Magolda and Jill Ellen Carnaghi place new professionals' stories center stage. The book focuses on narratives written by new professionals about their introduction and transitions into Student Affairs work. These stories document the joys and angst felt as new professionals prepare to transition from graduate school to work, search for their first Student Affairs position, assimilate campus norms, formulate a professional identity, satisfy supervisors' expectations, mediate cultural conflicts, and remain true to their personal and professional values. This book is a useful resource inviting new professionals, supervisors, and faculty to think differently about the on-going education and needs of new professionals while offering a new perspective for optimizing new professionals' experiences.
