Applesauce Recipe No Sugar:

The Ultimate Rice Cooker Cookbook Beth Hensperger, Julie Kaufmann, 2003 This book unlocks the rice cooker's true potential. It thoroughly explains how this appliance works and how to prepare every kind of rice grain and dried bean.

Cooking for a Healthy Church, 2012-04-01 Over the past several years it has become apparent to institutions such as the Episcopal Medical Trust that it is in everyone's best interests to focus greater attention on the collective health and well-being of its leadership members and employees. To protect and safeguard the health of groups and individuals means that we must face the challenge of dealing with chronic conditions such as obesity, heart disease, high blood pressure, diabetes, and cancer. It follows that diet must become the focal point of any such plan. Since eighty percent of healthcare costs are lifestyle-related and thus preventable, the Episcopal Medical Trust is developing a wellness strategy designed to move the denomination into a culture of wellness. *Cooking for a Healthy Church* is a fun and tasty step in this direction. However, it also is hoped that this cookbook will become an important ecumenical tool for congregations and other institutions as well as families and individuals to learn to prepare and promote healthy foods and preparation techniques without sacrificing taste and appetite appeal. *Francine Prince's Gourmet Recipes for Diabetics and Those on Restricted Diets* Francine Prince, 1989

Kim Lyons' Your Body, Your Life Kim Lyons, Lara McGlashan, 2008-02 On NBC's hit TV show *The Biggest Loser*, trainer Kim Lyons encouraged, cajoled, and inspired her team members to change their lives. And they did not only lose an incredible amount of weight in the process but gained a world of knowledge about fitness, nutrition, and enjoying an all-around healthy lifestyle. Now Kim is leading the way again, ready to work that same magic on everyone. Her totally life-changing new guide, bursting with color illustrations, presents Kim's tested program for optimizing your health in just 12 short weeks. You'll feel almost as if she's right there working with you. Kim, who received her personal training certification from the National Academy of Sports Medicine, puts her time-tested fat-burning circuit training system and solid comprehensive nutrition plan right at your fingertips. She understands the psychological and practical barriers facing those starting a new program and offers simple strategies to help anyone adopt and maintain a healthier lifestyle. Every aspect of fitness and nutrition is explained, such as the role of genetics, metabolism, and body type in achieving success; the importance of meal planning and journaling; and how to exercise to maximize your time and increase your calorie burn. To illustrate her key points, many of Lyons' clients tell their uplifting personal stories, and Lyons herself answers a wide range of burning questions. At the end of each chapter, a Homework section sets out several goals to achieve, be they mental, physical, or emotional, that reinforce key points learned in that chapter. **Joslin's Diabetes Mellitus** Elliott P.
