*Critical Thinking Unleashed* Elliot D. Cohen, 2009-10-16 From alcohol and drug addiction to rage on national highways and in airports many human beings have kept themselves in perpetual turmoil and despair From encroachment on individual rights and liberties to wars of attrition and mass genocide human history has continually repeated itself due to a failure to see the light Containing numerous skill building exercises Critical Thinking Unleashed seeks to cultivate the reasoning skills required to overcome such destructive human tendencies and to live meaningful and productive lives in a democratic society In contrast to other treatments of practical reasoning Elliot D Cohen not only teaches students how to identify and refute irrational premises he also teaches them how to construct

rational antidotes to combat the personal social and political obstacles they confront in everyday life Moreover Cohen encourages students to use the theories and ideas embodied in the history of philosophy in order to construct these rational guides drawing examples from many contemporary sources Demonstrating the practical relevance and import of many historically significant philosophers e g Socrates Aristotle Epictetus Hume Kant Mill Sartre and Nietzsche the book presents a practical non technical and comprehensive approach to critical thinking

**What Would Jesus Really Do?** Andrew Fiala,2007-03-20 For many years many Christians have exhibited bumper stickers and wrist bands challenging themselves to live up to WWJD What Would Jesus Do Now Andrew Fiala a professor who has encountered many such students in his classes objectively assesses just what it actually is that Jesus does and doesn t say about the essential moral issues that face us today Andrew Fiala appreciates Jesus as a moral teacher with an ethical vision centered in love generosity forgiveness tolerance and peace But he argues that it is often difficult to determine exactly what Jesus would say or do about tough contemporary issues such as abortion euthanasia the death penalty war homosexuality and politics Hence Fiala believes we need to engage in philosophical reflection and critical thinking to arrive at answers to today s ethical questions that Jesus never anticipated such as those involving technology scientific discoveries ethical advances The book shows how philosophers and psychologists from Kant and Mill to Nietzsche and Freud struggled to make sense of the ethics of Jesus The book concludes by arguing that we cannot pretend that Jesus and the Bible provide all the answers to our ethical dilemmas although Jesus does provide perennial moral wisdom Thus Fiala shows that Jesus moral teachings must be filled out with contemporary ethical reflection to determine what Jesus as a moral ideal would really do today
