**Leading PLCs at Work® Districtwide** Robert Eaker, Mike Hagadone, Janel Keating, Meagan Rhoades, 2021-01-25

Ensure your school district is doing the right work the right way for the right reasons. With this resource as your guide you will learn how to align the work of every PLC team districtwide from the boardroom to the classroom. Each chapter focuses on one of four types of teams and provides practices and tools for working together to foster a districtwide culture of continuous improvement. Use this resource to align your district's work in a top down bottom up cyclical process. Learn the leadership role the district office plays in supporting successful PLC at Work implementation and school improvement efforts. Observe how collaborative teams at every level align their work districtwide to ensure high levels of learning in professional learning communities. Study real life examples and artifacts of best practices in action. Receive protocols and templates such as the Team Analysis of Common Assessment (TACA) form to move student learning forward. Review a process for establishing a guaranteed and viable curriculum and discover strategies for analyzing student learning and making data informed decisions.

*Algebra and Trigonometry* Cynthia Y. Young, 2017-11-20

Cynthia Young's *Algebra and Trigonometry* Fourth Edition will allow students to take the guesswork out of studying by providing them with a clear roadmap: what to do, how to do it, and whether they did it right while seamlessly integrating to Young's learning content. *Algebra and Trigonometry* Fourth Edition is written in a clear single voice that speaks to students and mirrors how instructors communicate in lecture. Young's hallmark pedagogy enables students to become independent successful learners. Varied exercise types and modeling projects keep the learning fresh and motivating. *Algebra and Trigonometry* 4e continues Young's tradition of fostering a love for succeeding in mathematics.

*Trigonometry* Cynthia Y. Young, 2017-09-06

*Trigonometry* 4th Edition brings together all the elements that have allowed instructors and learners to successfully bridge the gap between classroom instruction and independent homework by overcoming common learning barriers and building confidence in students' ability to do mathematics. Written in a clear voice that speaks to students and mirrors how instructors communicate in lecture, Young's hallmark pedagogy enables students to become independent successful learners. Varied exercise types and modeling projects keep the learning fresh and motivating. Young continues her tradition of fostering a love for succeeding in mathematics by introducing inquiry based learning projects in this edition, providing learners an opportunity to master the material with more freedom while reinforcing mathematical skills and intuition.
