

Research Paper Assignment

Compose an essay that thoroughly addresses your proposed topic. Refer back to your prospectus. Clearly identify your topic in a well-developed thesis, and then support that thesis by presenting your research in an orderly, cohesive manner that ends in a well-formatted conclusion. The thesis is the road map for your essay and the conclusion needs to bring it to a logical end that clearly addresses the thesis.

Field and library research are required for this paper. Think about whom to interview as you narrow your focus. Prepare your interview questions carefully and, if you decide to conduct a survey, prepare a draft of that at the same time. Refer to your text for reminders about interviews and surveys as well as other types of field research. This essay assignment includes research components to help you better understand what will be required of you later in your academic career.

Each component of this paper will receive a grade. It is extremely important that you complete each section according to instructions and submit each section *when it is due*. Make it your very best effort insofar as grammar, punctuation, and composition skills are concerned. The components of this assignment are listed below along with their value towards the 200 point project total.

Component	Value	Length	Due Date
Prospectus	50 points	1 page	April 8
Research Logs	25 points	as many as it takes	April 22
Annotated Bibliography	25 points	as many as it takes	April 22
Essay includes Works Cited	100 points	4 pages + Works Cited	May 6*

**May 6 is our final exam night. You may opt to complete your paper in time for our last class on April 29. That is fine with me as that will give you time to study for your other final exams.*

The million dollar question: How many sources do I have to have? The answer is a minimum of five scholarly sources. **Types of resources required for this paper:**

Book	One book other than your textbook; use the Lane Library
Peer-Reviewed Journal Articles	One scholarly article
Web Site	One Internet Resource approved by me
Field Research	One interview, one close observation, or one survey**
Other	One additional resource from the list above

******These types of research are fun and rewarding. You gain more than just knowledge about your topic from this type of research.
