

Argumentative Essay on the Use of Mobile Phones in Schools

The use of mobile or cell phones in learning institutions, specifically schools, has elicited debate and bitter arguments, not only in the United States of America, but in the world as a whole. While part of society has supported the use of cell phones in schools, the other part has opposed their use bitterly. Mobile phone manufacturers, such as Apple and Samsung, have targeted students as their main market and thus they have designed various models with lots of features in order to attract them. Despite the fact that the use of mobile phones by students in schools can be used positively and constructively in order to enhance their learning, the same technological devices can be utilized negatively, which distracts them and their teachers and in turn disrupts the learning process. For instance, whilst the students can use mobile phones positively by accessing or downloading important academic materials from the worldwide web, the same can also be used to get access towards destructive information available in the net like pornographic materials. Mobile phones should not be used in schools and other institutions of learning as the students can misuse. Despite the fact that the current mobile phones are well equipped with other additional features like email, Short Messaging Services (SMS), MP3 players, radio, blue tooth, Multimedia Messaging Service (MMS) and cameras, students have tended
