Arrested Development Episode Guide:

A State of Arrested Development Kristin M. Barton, 2015-02-12 One of the most critically acclaimed television series of all time Arrested Development is widely hailed as a cutting edge comedy that broke the traditional sitcom mold. The winner of six Emmys the series was canceled by Fox in 2006 only to be revived in 2013 via Netflix's streaming service. Beyond its innovative approach to storytelling the series lampooned contemporary American culture holding up an unflattering mirror to modern society. This collection of new essays explores how the show addressed issues such as wealth and poverty race environmentalism and family relationships. Focusing on the show's iconic characters the essays also consider Arrested Development as it stands next to such works of fiction as Hamlet The Godfather and the writings of Kafka. Also covered is the show's reinvention of the sitcom genre and what its revival on Netflix means for the future of television.
