Terry Pratchett's Ethical Worlds Kristin Noone, Emily Lavin Leveret, 2020-08-05 Terry Pratchett's writing celebrates the possibilities opened up by inventiveness and imagination. It constructs an ethical stance that values informed and self-aware choices, knowledge of the world in which one makes those choices, the importance of play and humor in crafting a compassionate worldview, and acts of continuous self-examination and creation. This collection of essays uses inventiveness and creation as a thematic core to combine normally disparate themes such as science fiction, studies of the effect of collaborative writing and shared authorship, steampunk aesthetics, productive modes of ownership, intertextuality, neomedievalism, and colonialism, adaptations into other media, linguistics and rhetorics, and coming of age as an act of free will.

Friends We Haven't Met Kaitlyn S. C. Hatch, 2016-10-31 A tale of six strangers living in a block of flats in Wimbledon, their lives struggles unnoticed between them until they begin to intertwine Depression, fear, anxiety, loneliness, guilt, and grief, human emotions that can either divide or unite us *Rink* Chris Matravers, 2025-01-31 The world is a nursery in which selves mature after multiple incarnations. What if some souls are not bound to a body but can exist in a between place for years after death before shifting into a new body? Most people live as ephemeral humans, Phems, oblivious of any previous life. But a few become Rinks, fully aware of previous incarnations as selves of different genders and race and in diverse civilisations. Continuously re-incarnating, they are unaware that eventually they could mature enough to evolve onto another plane of existence. Or at least that is what is supposed to happen, but renegade Rinks are failing to mature. Running rampant as crime and war lords, they are intent on exploiting the Phems. When Jay re-incarnates in London in 2026, he is shocked by their activities. He has endured too many lives, he's seen and done everything. Previously, he's searched for a way to stop the seemingly endless cycle of life and death, but now he finds himself compelled to try to restore order, and so Jay enlists the help of like-minded Rinks to defeat the renegades. But what will he do when he's forced to choose between the love of his life and death?

Her Gilded Voice K. C. Aegis, 2024-06-14 Lacey has a woman living inside her head, or is it the other way around? Decades from now, technology has advanced, and everyone has a neuro-net wired into their brain. This provides each person with a voice inside their head that offers advice that guides and ostensibly protects them, as teen Lacey Clarke puts it: "Voices help us all make the right decisions. They give us reason, protect us from outside chaos. And in some cases, they protect us from ourselves." In this republic, Lacey and her older sister Yadira barely make ends meet. Their lives are made worse when they discover they must pay off their late father's debt, and that

Lacey has been marked to become a Puzzler in a brainteaser competition in which losers are killed Alina Lacey's voice reassures her everything will be fine if only they follow the rules but when an encounter with Ogden Oliver a powerful Elite ends with Alina being temporarily deactivated Lacey is left alone with her own thoughts For the first time in her life she is able to perceive the world as it actually is without augmented reality illusions As Lacey navigates the competition she realizes she may be a pawn but one that has hitherto unknown power Cover art Paramita Bhattacharjee Troy Edward Nikolic

Anything you do in the past changes the future The tiniest little actions have huge consequences You might tread on an ant now and it might entirely prevent someone from being born in the future There s nothing like the issue of evolution to get under the skin of academics Even if their field of expertise is magic rather than biology With the best and most interfering minds of Unseen University somehow left in charge at a critical evolutionary turning point the Discworld s last continent needs a saviour Who is this hero striding across the red desert Sheep shearer beer drinker bush ranger and someone who ll even eat a Meat Pie Floater when he s sober In fact it s Rincewind a wizard so inept he can t even spell wizard He s the only hero left Still no worries eh Small Gods Terry Pratchett,1993-11 Science fiction roman Sourcery Terry

Pratchett,2009-11-24 It s vital to remember who you really are it isn t a good idea to rely on other people or things to do it for you you see They always get it wrong An eighth son of an eighth son is born a wizard squared a source of magic A sourcerer Unseen University the Discworld s most magical establishment has finally got its wish the emergence of a wizard more powerful than ever before You d think they would have been a little more careful what they wished for As the sourcerer takes over the University and sets his sights on the rest of the world only one wizard manages to escape his influence Unfortunately for everyone it s Rincewind Once again the cowardly wizard must embark on a quest to deliver a precious artefact the very embodiment of magic itself halfway across the Disc to safety If he doesn t make it the death of all wizardry is at hand And the end of the world depending on who you listen to One of our greatest fantasists and beyond a doubt the funniest George R R Martin May well be considered his masterpiece Humour such as his is an endangered species The Times Sourcery is the third book in the Wizards series but you can read the Discworld novels in any order **Monstrous**

Regiment Terry Pratchett,2014-02-13 Trousers That s the secret Put on trousers and the world changes We walk different We act different I see these girls and I think idiots Get yourself some trousers Women belong in the kitchen everyone knows that Not in jobs pubs or indeed trousers and certainly not on the front line Polly Perks has to become a boy in a hurry if she wants to find her brother in the army Cutting off her hair and wearing the trousers is easy Learning to fart and belch in public and walk like an ape takes more time And there s a war on There s always a war on Polly and her fellow raw recruits are suddenly in the thick of it All they have on their side is the most artful sergeant in the army and a vampire with a lust for coffee Well they have the Secret And it s time to make a stand **Light Fantastic** Terry Pratchett,1986 As it moves towards a seemingly inevitable collision with a malevolent red star the Discworld has only one possible saviour Unfortunately this happens to be the singularly inept and cowardly wizard called Rincewind who was last seen falling off the edge of the world

Moving Pictures Terry Pratchett,1991 The alchemists of the Discworld have discovered the magic of the silver screen But what is the dark secret of Holy Wood Hill It s up to Victor Tugelbend Can t sing Can t dance Can handle a sword a little and Theda Withel I come from a little town you ve probably never heard of to find out *Terry Pratchett's Discworld* Terry Pratchett,1995 **Strata** Terry Pratchett,2009-11-24 Pratchett s writing is a constant delight Daily Mail THE COMPANY

BUILDS PLANETS Kin Arad is a high ranking official of the Company After twenty one decades of living and with the help of memory surgery she is at the top of her profession Discovering two of her employees have placed a fossilized plesiosaur in the wrong stratum not to mention the fact it is holding a placard which reads End Nuclear Testing Now doesn't dismay the woman who built a mountain range in the shape of her initials during her own high spirited youth But then came discovery of something which did intrigue Kin Arad A flat earth was something new

Hogfather Terry Pratchett, 1999-09-08 Who would want to harm Discworld's most beloved icon Very few things are held sacred in this twisted corrupt heartless and oddly familiar universe but the Hogfather is one of them Yet here it is Hogswatchnight that most joyous and acquisitive of times and the jolly old red suited gift giver has vanished without a trace And there's something shady going on involving an uncommonly psychotic member of the Assassins Guild and certain representatives of Ankh Morpork's rather extensive criminal element Suddenly Discworld's entire myth system is unraveling at an alarming rate Drastic measures must be taken which is why Death himself is taking up the reins of the fat man's vacated sleigh which in turn has Death's level headed granddaughter Susan racing to unravel the nasty humbuggian mess before the holiday season goes straight to hell and takes everyone along with it
