**Dead of Winter** Morgan James, 2025-02-25 Years have passed since Ali

and her college friends last saw one another and their trip to a secluded mountain cabin is supposed to be the perfect escape no work no phones and no distractions Just the great outdoors and the chance to reconnect But a sudden snowstorm sweeps in overnight turning their idyllic getaway into a nightmare When their friend David mysteriously disappears it leaves them reeling and desperate for answers Isolated from the outside world and consumed by fear paranoia begins to seep in Long buried secrets and simmering resentments bubble to the surface threatening to tear the group apart But the storm outside isn't their only danger Someone is watching them someone who knows their darkest secrets On this mountain there is nowhere to run And no one can hide from what's coming

**Some Birds Sing in Winter** Thomas Harley, 2013-08-26 It seems most peculiar yes rather strange That a bird on a bitter branch might remain And more joyfully in winter months long Sing an elaborate even a beautiful song But such a bird is this one who can write Who can attest that even though dark as night His maker has given him a songbook of praise To endure as a joyful sound all days that remain What you are holding is a songbook It is a different kind of songbook for it was birthed in the darkest of night and the coldest of winter And while it is readily in itself an instrument of praise it also provides a foundation for other song makers or shall we say those who receive songs from God Most High For who can sing unless God himself provides song This is a book for sufferers It is for those who are enduring affliction or those who just have air filling their lungs from time to time recognizing that all will invariably suffer This is a book for those with questions It is for those who wonder what God if there is one is doing as they sit on a branch that scrapes them endlessly with rough and bitter bark The branch is aflame crumbling underneath and ready to give way How can we find song in such a tormenting and uncertain darkness How can we be as the rare bird who actually finds reason for song in winter
