Smallholders and family farms in Kyrgyzstan Food and Agriculture Organization of the United Nations ,2020-09-01 The background for conducting country studies on the challenges needs and constraints of smallholders and family farms in seven countries has been a wish to further strengthen the Regional Initiative and develop the initiative towards a stronger programmatic approach at both the regional and country levels To provide support to smallholders and family farms there has been a need to develop a better understanding and knowledge platform of the main challenges needs and constraints of smallholders and family farms in the specific country context Even though many of the

challenges are the same throughout the region there are still significant variations among the countries it is important to recognize and understand these variations when designing support to smallholders and family farms in each specific country It has been the objectives of the country studies first to analyze the development trend and current state of smallholders and family farms in the specific country second to study the current political priorities and policies affecting smallholders and family farms and finally based on the conclusions made to provide recommendations mainly at the policy level on how to further support the development of commercial family farms and at the same time ensure in general inclusive growth improved rural livelihood for women and men and the reduction of rural poverty for all It is hoped that each country study will not only be relevant for FAO but also for governments donors and other international organizations when formulating policy and preparing programmes

Plant Ecophysiology: Responses to Climate Changes and Stress Conditions

Srdjan Stojnic, Nacer Bellaloui, Raul Antonio Sperotto, Yanbo Hu, Georgios Koubouris, Peter Petřík, 2025-10-23 Climate change characterized by amplified frequency and amplitude of heat waves increased evaporative demand and altered precipitation patterns threatening the productivity and stability of ecosystems worldwide Previous research identified a number of abiotic and biotic stressors that affects plant physiology and contributes to natural ecosystems decline as well as crop yield failure Depending on their intensity and duration plant species may display a wide range of strategies and mechanisms to withstand environmental stress including physiological and biochemical responses as well as modulation in structural characteristics such as anatomy and morphology However despite the great progress made in understanding plant responses and tolerance to environmental stress factors a holistic and systematic knowledge on the effect of multiple simultaneous and or sequential stress factors and their interactions is still lacking In addition climate change imposes the alteration of a series of environmental factors simultaneously as well as intensify the severity of different stressful events such as drought floods salinity and heat waves Therefore knowledge of how plants acclimate to multiple stressors is critical in understanding the effects of future climates on natural ecosystems urban greenery and agroforestry systems i e tree crops interaction worldwide

Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02 South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from these schools The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience

ProQuest Statistical Abstract of the United States 2013 Bernan Press, ProQuest, 2012-12-21 Published annually by the Federal Government since 1878 The Statistical Abstract of the United States is the best known statistical reference publication in the country and perhaps the world You'll find it behind nearly every reference desk in U.S. libraries as the authoritative go-to source Librarians value the Statistical Abstract as both an answer book and a guide to statistical sources As a carefully selected collection of statistics on the social, political, and economic conditions of the United States it is a snapshot of America and its people In the spring of 2011 the Census Bureau announced that the edition that year would be the last one produced at government expense Despite protests from librarians and journalists and despite petitions to Congress the Census Bureau unit that published the Statistical Abstract was eliminated in November Its elimination resulted not from a decline in the popularity or perceived value of statistical compilations but from the need to reduce agency spending while supporting new and existing data collection efforts ProQuest and Bernan have now taken on responsibility for updating and releasing this publication the most used statistical reference tool in libraries We bring to this task ProQuest's 35 years of experience acquiring abstracting and indexing Federal Government statistical publications and tables and Bernan's 60 years of providing libraries with essential government publications and quality service The Statistical Abstract print edition resembles the Census version that users know and love plus more with Thousands of tables from hundreds of sources and valuable detailed bibliographic documentation Updated introductory sections and back of the book index 8 1/2 x 11 hardcover format to withstand heavy use
