*Primary Care of Children with Chronic Conditions - E-Book* Cheri Barber,2024-03-16 Provide comprehensive primary care for the growing number of children with chronic conditions. Featuring contributions from more than 50 expert nurse practitioners and their interprofessional colleagues Primary Care of Children with Chronic Conditions offers expert guidance on the management of children with special needs and their families. Comprehensive coverage presents the most current knowledge and insights available on these specific conditions including information on the COVID 19 pandemic. This valuable resource helps providers improve pediatric care for chronic conditions and addresses the need for transitional care to adulthood and the issues and gaps in healthcare that may hinder the quality of care for this unique population. The only book authored by Nurse Practitioners and their colleagues focusing on managing the primary health care needs of children with chronic conditions. More than 50 expert contributors provide the most current information available on specific conditions. Comprehensive summary boxes at the end of chronic conditions chapters provide at a glance access to key information. Full color format enhances readability and highlights key information for quick access. Up to date references ensure access to the most current evidence based coverage with the latest research findings and management protocols

**First Aid for the Match: Insider Advice from Students and Residency Directors** Vikas Bhushan,Tao Le,Chirag Amin,2000-12-29 The purpose of FIRST AID FOR THE MATCH is to help medical students effectively and efficiently navigate the often complex residency application process. It is designed to help students make the most of their limited time, money and energy. *Child Development* Laura E. Levine, Joyce Munsch,2016-12-01 In the Third Edition of the topically organized Child Development An Active Learning Approach authors Laura E Levine and Joyce A Munsch invite students to take an active journey toward understanding the latest findings from the field of child development. Using robust pedagogical tools built into the chapter narratives students are challenged to confront myths and misconceptions, participate in real world activities with children and independently and utilize video resources and research tools to pursue knowledge and develop critical thinking skills on their own. This new edition covers the latest findings on developmental neuroscience, positive youth development, the role of fathers and more with topics of diversity and culture integrated throughout. More than a textbook this one of a kind resource will continue to serve students as they go on to graduate studies to work with children and adolescents professionally and to care for children of their own
