## Atheism Is Winning:

**Atheism is Winning!** Anonymous, 2014-04-08 We live in a world of radical hypocrisy Priests Terrorists and Christian Evangelists use iPhones access satellite Networks drive automobiles and seem to exist in some kind of imaginary bubble untouched by reality How is this possible How can such a large number of people both demand modern technology while still refusing to listen to the very people who brought it to them In an age of motor cars electric light bulbs and rockets to the moon more than half the world still insists on keeping their faith in God even while the most rational minds are calling this behavior dangerous archaic and possibly insane Perhaps this is something we should talk about But is anyone listening Perhaps I should say it louder Book features a variety of essays both humorous and serious on the issues of Atheism Marketing Hypocrisy Seduction Religion Psychology of Belief New Atheism Failures of Buddhism The Templeton Prize Beyond Sartre's Reef of Solipsism and other mildly poetic thoughts

### **The Death of Classical Theism and the**

**Subsequent Rise of Atheism** Shane Himes, 2025-03-18 Modernity has seen the rise of atheism and a rejection of classical theism In this book Shane Himes argues that the two realities are largely dependent on one another Many modern Christian apologists are not fond of classical doctrines such as divine simplicity and impassibility and thus they happily reject these ideas The ramifications of doing so however have not been fully appreciated especially as they relate to Christian arguments for God's existence Himes gives an overview of the arguments for God's existence by examining the work of both scholars who reject classical theism and those who embrace it An analysis of these arguments demonstrates that modern models of God make his existence a mere possibility as opposed to a logical necessity As such the arguments given by these scholars leave them susceptible to atheist critiques given that they do not answer the question of why anything exists Without classical theism God becomes one possible answer as to why our particular universe exists the way that it does but apparently this has not been convincing to many as atheism has seen an unprecedented rise in the last two centuries Paradoxically if Christianity is to become dominant once again in academia and Western societies more generally a recovery of classical depictions of God as the ground of all being is paramount

### **Winning with Your Body, Mind, and Soul**

Henry Arnold Davis, 2024-10-31 Winning can be an elusive thing Anyone who has chased a dream can relate What does it mean to win If once a winner is one always a winner Does success in one area of life make one a winner Who decides whether someone has actually won At their core people are driven to overcome any challenge they face physical mental or spiritual They want to win with their bodies minds and souls separately and collectively Their desire is to be a winner in the game of life and beyond if there is such a thing Competitions with the body and the mind are battles Competition with the soul is war The War Ideally everyone would win the battles and the war However it's okay to lose every battle and win the war But it's not okay to win every battle and lose the war Victories with the body and the mind are paper victories Winning with the soul is the only victory that matters in The End While no one knows what will happen when they die an analysis of the world's top

twenty two religions nonreligions proves that Christianity gives us the best chance at winning The War **What They Won't Tell You About Objectivism** Russell Hasan,101-01-01 Everyone has heard dark whispers about the philosophy of Objectivism People read Ayn Rand's novels and fall in love with her ideas only to collapse into one of two inevitable fates 1 eventually give up on the ideas as childish and selfish often complaining that the philosophy is a cult or 2 develop a religious zealous fanaticism obeying the tenets of the philosophy in an obsessive robotic mindless manner But what is the truth about Objectivism What is it in Rand's novels that makes a light turn on in the minds of her readers and why does that light always flare and then burn out leaving behind either anger or mindless obedience This book argues that Objectivism has been turned into a shallow two dimensional cartoon caricature of what the philosophy really is by both Objectivism's foes and its followers The philosophy's enemies fight against and its followers worship a misinterpretation not the ideas that are actually in the novels Rand's novels present a vision of reality that is both heroic in its idealism and useful for real people in its practicality with integrity as its highest moral value but people forget that vision and eventually the vision fades into the paper thin cartoon that people think of when they hear the name Ayn Rand This groundbreaking innovative book looks at Objectivism in a new light and offers an analysis rooted in quotes from the texts of Rand's novels that presents Objectivism as a deep serious thoughtful philosophy with emotional depth and shades of gray a philosophy of the mind designed for smart people to heighten their intellectual freedom not merely a cult of robots or a cartoonish Right wing extremist defense of rich businessmen If you want to know the truth about Objectivism then read this book *Theological essays: The moral significance of atheism. A Lecture, Etc* Alexander James HARRISON,1873 *Why God Won't Go Away* Alister McGrath,2011-02-15 The recent rise of the New Atheism has aroused great general interest thrown up questions of fundamental importance and started a fascinating conversation Why God Won't Go Away invites us to join in The volume opens with a survey of the main ideas of the New Atheism as expressed in the works of Richard Dawkins Daniel Dennett Sam Harris and Christopher Hitchens We then examine the core views of the movement closely making due reference to its virtual community of websites and blogs Subjects explored include whether religion is delusional and evil the belief that human beings are fundamentally good whether we should have faith only in what can be proved through reason and science the idea that the best hope for humanity is a New Enlightenment The result is a lively and highly thought provoking volume that poses a number of interesting questions Why is religion experiencing a resurgence in the twenty first century when we are meant to have grown out of such a primitive fixation Has the New Atheism's fascination with rationality led to a fatal underestimation of the longing of the human heart to adore And if as Christopher Hitchens writes in exasperation religion is ineradicable doesn't this tiresome fact suggest that dismissing belief in God as irrational and unscientific might just be a waste of time **Stealing from God** Frank Turek,2014-12-18 What if the core arguments for atheism reveal that God actually exists With a rising dependence on science and rational thought in today's culture religion is often dismissed as outdated or illogical and atheism is gaining a wider audience But award winning author Dr Frank Turek provides a strong case for how atheists steal logic reasoning evidence and science from God in order to support their claims A result of careful study Stealing from God exposes the intellectual crimes atheists are committing by taking a closer look at Causality how did the universe originate Reason what does atheism mean for truth Information Intentionality God's signature in creation Morality objective morality without God Evil is evil a contradiction for atheism Science how theism makes science possible And a powerful 4 point case for Christianity No matter your stance on religion or atheism this book will prove a thought provoking and compelling read With clear well researched arguments Stealing from God is a refreshing resource to bolster your faith help you engage with those who disagree and open your eyes to the truth of religion and atheism An unassailable case for the truth of Christianity Eric Metaxas New York Times bestselling author Provides powerful and clear answers to questions of enduring importance for every thinking person Dr John Lennox professor of mathematics at Oxford University Will change the way you think about the world and equip you to defend what you believe J Warner Wallace author of Cold Case Christianity **Winning Orations** Inter-State Oratorical Association,1897 *The Universalist Quarterly and General Review* ,1874 **Atheism, Ayn Rand, and Other Heresies** George H. Smith,1991 In this wide ranging collection of articles essays and speeches George H Smith analyzes atheism and its relevance to society today The featured essay in this

volume provides a full analysis of Ayn Rand's unique contribution to atheism explaining how her objectivist metaphysics and laissez faire economic principles rested on a purely godless worldview. Several chapters address the evolution of atheism arguments in favor of religious toleration the efforts of early Church fathers to discredit Roman polytheism and how these arguments can be used with equal force against later Christian descriptions of God and a survey of the contributions to freethought made by the deists of the 18th and 19th centuries. With incisive logic and considerable wit Smith ties atheism to reason and argues that reason itself can be a moral virtue. In one penetrating chapter Smith salutes three Christian theorists who he believes embody the spirit of reason Thomas Aquinas Desiderius Erasmus and John Locke. This is followed by a philosophical drubbing of his least favorite Christians St Paul St Augustine and John Calvin. In subsequent chapters Smith examines religion and education addresses the 20th century fundamentalist revival offers suggestions on how to debate atheism with religious believers critiques new religions including pop therapy est and transactional analysis and provides a comprehensive bibliographic essay on the literature of freethought
