*Germany: Revolution and Counter-revolution* Friedrich Engels,Karl Marx,1969 This famous series of articles on the revolutionary movement in Germany in 1848 was written only a few years after the events In it Engels portrayed the causes of the revolutionary movement and the classes involved in revolutionary opposition to the Prussian Monarchy and the rulers of the other German States He showed how and why the German bourgeoisie went over to reaction the peasants grew indifferent or hostile and the working class left to fight alone was defeated

collection of Karl Marx s newspaper articles from the suppressed Rhenish Gazette and New Rhenish Gazette examining the effects of the European insurrections of 1848 and the aftermath on German society

[Revolution and Counter Revolution in Germany](#) Friedrich Engels,2015-03-26 THE first act of the revolutionary drama on the continent of Europe has closed The

powers that were before the hurricane of 1848 are again the powers that be and the more or less popular rulers of a day provisional governors triumvirs dictators with their tail of representatives civil commissioners military commissioners prefects judges generals officers and soldiers are thrown upon foreign shores and transported beyond the seas to England or America there to form new governments in partibus infidelium European committees central committees national committees and to announce their advent with proclamations quite as solemn as those of any less imaginary potentates A more signal defeat than that undergone by the continental revolutionary party or rather parties upon all points of the line of battle cannot be imagined But what of that Has not the struggle of the British middle classes for their social and political supremacy embraced forty eight that of the French middle classes forty years of unexampled struggles And was their triumph ever nearer than at the very moment when restored monarchy thought itself more firmly settled than ever The times of that superstition which attributed revolutions to the ill will of a few agitators have long passed away Everyone knows nowadays

that wherever there is a revolutionary convulsion there must be some social want in the background which is prevented by outworn institutions from satisfying itself The want may not yet be felt as strongly as generally as might ensure immediate success but every attempt at forcible repression will only bring it forth stronger and stronger until it bursts its fetters If then we have been beaten we have nothing else to do but to begin again from the beginning Revolution and Counter-revolution Or Germany in 1848 Karl Marx,1907

The German Revolution, 1917-1923 Pierre Broué,2004-11-01 On 12 October 1923 Grigory Zinoviev president of the Communist International wrote the following in Pravda The German events are developing with the inexorability of fate The path which it took the Russian Revolution twelve years to cover from 1906 to 1917 will have taken the German Revolution five years from 1918 to 1923 The proletarian revolution is knocking at Germany s door you would have to be blind not to see it Very soon everyone will see that this autumn of 1923 is a turning point not just for the history of Germany but for the history of the whole world In fact far from being on the point of triumphing the German Revolution was on the verge of an irredeemable disaster which would soon inflict terrible consequences on Germany and the world In this magisterial work first published 1971 and still unsurpassed Pierre Broué meticulously reconstitutes the six decisive years during which between ultra leftism and opportunism sectarianism and revisionism activism and passivity the German revolutionaries attempted to begin a new chapter in the history of the proletariat *Revolution and Counter-Revolution; Or, Germany in 1848 (Hardcover Library Edition)* Friedrich Engels,Karl Marx,2024-10-10
