Third Printing, April 1966—Ford Motor Company

## Dear Mustang Owner:

Your purchase of a 1966 Mustang places you in a distinguished family of automobile owners and drivers. The Ford Division of Ford Motor Company takes great pride in the American tradition of quality products and superior value that the Ford name represents.

The purpose of this book is to acquaint you with features of your new Mustang designed to be of benefit to you. In every detail of planning, engineering, and styling, we have sought to participate your needs and desires.

We hope you will read this manual carefully. It will tell you why particular features were built into our 1966 cars. From famous Ford ride and spaciousness to "little things" which fully reflect and perfect the unique Ford concept of "total performance."

In simplest terms this concept covers the whole car and all aspects of the way it performs, everything you want your Mustang to do for you (and some things you want it to avoid). A modern automobile must be not only a good performer under the hood, but easy-riding, comfortable, safe, good-looking, economical, responsive and easy to maintain.

Years of planning and research have gone into the features you will experience and enjoy. Our warranty that a Ford new car, or 26,000 miles, indicates our confidence in the reliability and durability of your new car. We hope you will take a moment, right now, to familiarize yourself with that warranty. It is explained fully on pages 67-71.

Remember the fine Ford customer service for 1966. It has more and more facilities and more and more help to help you.
