[Restoration: 1964 1/2-1973](#) Dave Stribling,2024-02-15 Get valuable advice on how to restore your vintage Mustang

Production of the Ford Mustang America's most popular pony car has been uninterrupted for more than 55 years. The

popularity of the Mustang is what led to the pony car class. The first generation of cars from 1964 1/2 to 1973 is arguably the

most beloved generation, selling more than a million cars in the first two years of production. They were sporty, affordable, and

available with a wide variety of options to please a wide variety of customers. First generation Mustangs are still very popular.

They are plentiful and can be found at various price points and in various levels of condition for any potential restorer to

acquire. There is an extremely robust aftermarket so parts availability is never an issue. Mustang expert and author Dave

Stribling shares his expertise in this restorer's guide, covering all of the essential topics. The basics of acquiring a car,

determining the restoration level that is desired, and the tools necessary for the job are included. Disassembly prep for paint

and body and reassembly are covered Also the suspension and braking systems the engine and driveline and the electrical and interior components are examined This book is an ideal starting point that features a lot of great advice about how to achieve what you want from your restoration and the best path to get there Whether you want to tackle all of the work yourself or you just want to be informed when hiring a professional to do the work for you this book is a valuable addition to your Mustang library *The Commercial Motor* ,1971-09 **The National union catalog, 1968-1972** ,1973 Annual Financial Report - City of Corpus Christi, Texas Corpus Christi (Tex.).
