appropriate selection from the multitude of OEM publications that have recently flooded the on line marketplace Honda published 11 different supplements and addendums to the original ring bound base manual and many of these are listed as workshop manuals by individuals that deliberately intend to deceive or really have no idea what they are selling In addition many of the so called workshop manual reprints are incomplete Consequently should you decide to purchase your manual elsewhere you are advised to confirm that it includes all 257 pages of the original factory manual Owners of the 1959 1966 twin cylinder 125 150cc Benly C92 C95 series are directed to our Honda factory workshop manual ISBN 9781588500823 owners of the 1964 1980 twin cylinder 125 150cc models will require our workshop manual ISBN 9781588502643 Finally please note that the text in the original Honda Factory Workshop Manual was translated from Japanese into English Consequently some of the phrasing grammar punctuation and word usage may be subtly different from that commonly used in the English language However the information as presented is readily understandable In addition while we have done our best to identify any anomalies and errors that may have occurred during the original translation process we are certain that we will have missed one or two and we request your indulgence in ignoring them **Official Honda Shop Manual, 100/125 ,1978 Shop manual Honda 100, 125 ,19??**
