Locate the front of the car cover with a white tag "FRONT" sewn inside of your cover. Secure the cover at your front bumper.

2

After identifying the front of the cover, secure this section around the front bumper first. Then, pull the cover over the top of the vehicle and fasten it under the rear bumper last.

3

If your custom cover includes mirror pockets, make sure to position the cover over the side mirrors first before attaching the ends to the bumpers.

4

To secure your cover on your vehicle, there are two set of buckles & straps on the bottom of cover. Toss the buckle strap under the vehicle to the opposite side, clasp the buckle and fasten it.

5

To use the cable and lock, simply loop the cable through itself, feed it through the grommet, create another loop, then attach the lock.
