A Woman's Guide to Navigating a Successful Career in Healthcare Information Technology Jeffery Daigrepont, 2024-06-19 This book features over 50 of the industry's brightest female pioneers who share insightful lessons backed by several years of experience as well as tips for navigating a successful career in HIT. The intent of this book is to provide the opportunity to capture stories from highly successful women to inspire the next generation who want to pursue a career in HIT and to inspire those already working in the field who are eager to advance in their careers. This book also provides insights on industry opportunities, ways to deal with harassment, the history of female tech innovators and negotiating competitive salary and employment agreements. Additional industry experts provided guidance on tapping into venture capital funding and tools for career development. A comprehensive resource guide and glossary of industry terms are also included. Co-authors included Amy Sabillon MSI, Ayanna Chambliss CAP, SHRM CP, Lindsay Rowlands MHA and Stacey B. Lee JD.

A Practical Guide to Localization Bert Esselink, 2000-09-15 A Practical Guide to Localization was written for technical translators, localization engineers, testing engineers, desktop publishers, project managers and anyone else who may be involved in the release of multilingual products. In this second edition, translators can learn more about localizing software, online help and documentation files and the latest translation technology tools. Localization engineers can learn all about developing engineering and testing multilingual software and online help projects. For project managers, there is all the information needed for planning translation and localization projects, finding resources and ensuring product quality. New to this second fully updated and revised edition are chapters on internationalization, multilingual desktop publishing and software quality assurance. The book has been designed both as a reference work and a teaching tool. Visit the www.locguide.com web site for additions and updates to the book as well as references and links relevant to technical translation and localization. The web site also contains extracts from the book, reviews and ordering information. Bert Esselink has been active in localization for over a decade. After graduating in technical translation and taking university classes in programming and computational linguistics, he worked for several years as software localizer, localization engineer and technical project manager at International Software Products. In 1996 he joined ALPNET in Amsterdam as localization manager before taking on the role of globalization manager, developing internal production quality standards. In January 2000 Bert joined Lionbridge to head up their European globalization consulting services.
