Section 6.2	Purchasing	Revised:	April 2009
Policy 6.2.2	General Purchasing Procedures – Commodities	Responsible:	Assistant Vice President for Business Affairs

GENERAL PURCHASING PROCEDURES – COMMODITIES

Policies

All negotiations are budget checked and pre-encumbered before they are electronically received in the purchasing environment. The ordering department must take responsibility to ensure that the requisition has a realistic expenditure or cost figure on the requisition. The purchasing buying staff will proceed in executing a purchase order, as long as the finalized price from the respective vendor does not exceed the following formula:

500%, but not to exceed \$200 of the original requisition pricing.

Requisition Process

All requests for purchase of supplies, materials, and equipment must be submitted to the Purchasing Office on a "Departmental Requisition" (REQ) using the Procurement (PO) web requisition system.

Processing a basic purchase requisition involves five steps:

1. First, the requester enters the requisition, specifying the vendor, items to be purchased, etc.
2. Next, the requester must self-check and budget check the requisition to ensure that the Project ID specified on the requisition has sufficient funds to cover the purchase.
3. If the requisition passes budget check, the requester must then notify one or more persons to approve the requisition.
4. These approvers, known as the Project Manager and Administrator, may either approve or deny the requester's purchase requisition.
5. Upon approval of the requisition by both Project Manager and Administrator, the status of the requisition becomes approved, at which time the Purchasing Office will assign the requisition to a buyer and process the order.
